THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are (1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominee predecease them after five years of admission. The second quinquennial valuation of the Fund has been completed by the actuary to the Government of India, and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Bengal, Imperial Secretariat Buildings, Calcutta.

CHAPTER I.

General.

1. (*a*) On the side of positive achievement, the year 1930-31 was rendered noteworthy by the passing of the Bengal (Rural) Primary Education Bill. This momentous measure, after exacting the keenest opposition in the Legislative Council, was finally passed in August 1930, and subsequently received the assent of the Governor-General. The extraordinary economic depression to which Bengal—in common with the rest of the world—was subject made impossible the introduction of the Act, but valuable preliminary work was done both in the districts (in selected portions of which accurate surveys of population density and of necessary sites for schools were made) and at headquarters (where the estimates of preliminary expenditure necessary for the introduction of the Act were worked out).

(*ii*) In Secondary Schools (this term comprising both "middle" and "high" schools) a revised syllabus of work and revised lists of text-books were introduced at the beginning of the school year in January, and the facilities for agricultural education were extended by further grants for teachers trained at Dacca by the Agricultural Department and for gardens and farms.

Increasing emphasis was laid on the importance of physical education by giving grants for the purpose to selected schools and madrassahs in the Presidency.

(*iii*) Another noteworthy feature of the year was the appointment by Government of a committee of 15 members to advise on the policy which should be pursued by Government for advancing Moslem education in the Presidency.

(*iv*) During the year the new Education Code for Bengal was issued by the Director of Public Instruction and for the first time officers of the Department appeared in the newly established Departmental Examination in Accounts.

Revised Rules for admission, promotion, etc., in Government and aided schools came into force in January 1931 and during the year the provisions made in Rules 1 to 38 of the Revised School Code issued by the University of Calcutta were made applicable (subject to certain conditions) to all aided high schools.

2. The less pleasant side of the picture was furnished by the insensate political propaganda which kept away students from schools and colleges for weeks together.

3. (*i*) The progress made in education in Bengal during the year can be gauged from the following tables which give comparative figures for 1930-31 and the preceding year:—

Number of institutions.

	1929-30.	1930-31.

(*ii*) The following table gives comparative figures for the various kinds of institutions classed as "recognised" (recognised, that is, either by the University of Calcutta, the Board of Intermediate and Secondary Education or by the Department of Public Instruction):—

†These include madrassahs, technical and professional schools.

while a different dichotomy gives some idea of the source from which these institutions draw their support.

CHAPTER II.

Control.

The control of education in Bengal (with the exception of the education of Europeans which, in terms of the Government of India Act, is administered by a Member of His Excellency the Governor's Executive Council) rests ultimately with a Minister, who during the whole of the year 1930-31 was the Hon'ble Mr. Khwaja Nazimuddin, C.I.E.

2. The agencies through which this control is exercised are persons or bodies with varying powers of independence. These are the officers of the Education Department: the two Universities of Calcutta and Dacca, an Intermediate Secondary School Board which possesses jurisdiction over a certain area at Dacca, district boards, municipalities, and a number of societies, Indian, non-Indian, missionary and secular, which are doing work in selected fields of educational activity.

3. Officers of the Education Department are comprised in three services—the Indian Educational Service, the Bengal Educational Service, and the Subordinate Educational Service—together with a number holding special and other posts not included in any of these three services.

(*a*) The Indian Educational Service is disappearing fast, recruitment to it having been stopped some years ago by the Secretary of

State, and Government has not yet been able to constitute the Superior Branch of the Bengal Educational Service which is eventually to replace the Imperial Service. Excluding the post of the Director of Public Instruction, the men's branch of the Indian Educational Service consisted, as in the previous year, of 67 appointments, 3 of which were contained in the higher, 10 in the lower selection grades, and 1 on a special rate of pay: the remaining 53 posts were in the ordinary time-scale of the service. But there were only 31 officers in the service, and of these 14 were Europeans and 17 Indians.

The women's branch of the Indian Educational Service contains four appointments, one of which is a selection grade and is, moreover, the only post now held permanently by an Indian Educational Service Officer. The other three posts are filled, one by an Indian officiating in the Indian Educational Service, one by an officer on a special rate of pay and one by a European on special contract.

(*b*) The Bengal Educational Service has similarly its two branches, men's and women's. The strength of the former branch increased during 1930-31 to 226 posts (including 14 temporary appointments) from 223 in the previous year (including 10 temporary appointments). The women's branch decreased in strength from 21 to 20 owing to the reduction in status of the post of Principal, Hindu Female Teachers' Training School, Calcutta.

(*c*) The Subordinate Educational Services comprise several different cadres, each having its own time-scale of pay. The following table will show the relative strength of the different branches as they stood on the 31st of March in the years 1930 and 1931:

Strength of Subordinate Educational Services.

	1930.	1931.
Teaching	1,361	1,360
Inspecting	318	318
Ministerial	422	420
Miscellaneous	83	88

(*d*) Other posts are special posts and posts outside the classified lists, which include posts in the Government European schools at Kurseong, a small special cadre of lecturers at Presidency College, certain posts filled formerly by Indian Educational Service officers and now by officers appointed on contract, and miscellaneous posts of a specialist or semi-specialist nature. During the year covered by this report the number of special posts decreased from 43 to 42 and that of posts outside the classified list increased from 15 to 17.

4. During the year Mr. H. E. Stapleton was confirmed as Director of Public Instruction, Bengal, in the vacancy caused by the retirement of Mr. E. F. Oaten. The officers assisting him in the headquarters staff were Mr. R. Wolfenden, Assistant Director of Public Instruction (during whose absence on leave from January 28th Dr. W. A. Jenkins officiated), Mr. J. M. Bottomley, Assistant Director of Public Instruction for Muhammadan Education, Khan Bahadur Tasaddaq Ahmed, temporary Additional Assistant Director of Public Instruction, and Mr. J. Buchanan, Physical Director to the Government of Bengal.

5. The table below indicates the strength of the departmental inspecting staff as it stood on the 31st March 1931. There was no change in the duties of the various grades of inspecting officers:—

Inspecting staff.	Presidency Division.	Burdwan Division.	Dacca Division.	Chittagong Division.	Rajshahi Division.	Total.

(a) Includes the post of Second Inspector of Schools which has been kept in abeyance.

(b) Includes the post of the Special Sub-Inspector of Schools, Calcutta, for the surveillance of ex-pupils of Reformatory Schools.

(c) Excludes four posts not yet filled for want of funds.

6. The Department received invaluable aid from the Executive Officers of Government in the districts and subdivisions. They gave ungrudgingly their time for work as Presidents of managing committees of schools and during times of public unrest they have earned the special thanks of the Department by their generous offers of advice and help.

7. The acknowledgments of the Department are also due to Chairmen of district and municipal boards and the newly-formed union boards for the interest which they evinced in the improvement of primary and technical education in their respective areas. The work of the various Christian Missionary bodies and Indian organizations like the Society for the Improvement of Backward Classes, the Nari Siksha Samity and the Uttarpara Hitakari Sava also deserve special mention for their wholehearted endeavour for the advancement of education among girls and the members of backward communities. Finally, Railway authorities assisted the cause of education by maintaining schools at important centres which are open to children of all communities, although they are meant chiefly for the sons and daughters of Railway employees.

CHAPTER III.

University and College Education.

Universities.—Professor W. S. Urquhart, M.A., D.LITT., remained as Vice-Chancellor of Calcutta University up to the 7th of August 1930 when he was succeeded by Lt.-Col. Hassan Suhrawardy, O.B.E., M.D. At Dacca Professor G. H. Langley, M.A., I.E.S., whose original period of appointment as Vice-Chancellor ended in December 1930, was reappointed for a further period of three years.

At Calcutta the report of the Committee which was appointed to consider the Draft Bill of Dr. W. A. Jenkins for the reconstitution and reorganisation of the University, was placed before the Senate on 29th November 1930 and was finally taken into consideration in March 1931. The report of the University Organisation Committee, which was adopted by the Senate on the 5th April 1930, was submitted to Government in the course of the year together with a statement of the financial assistance required from Government.

The numbers of University students (both Post-Graduate and Under-Graduate) showed a decrease on those of the preceding year as the following table will show:—

Number of University students.

	1929-30.	1930-31.
In Arts	1,177	820
In Science	306	267
Total ..	1,483	1,087

There were also 100 students in the University Commercial Classes. It is interesting to see that there were 17 lady students in the University classes.

At Dacca for a few weeks after the reopening of the University in July the attendance in classes was affected by picketing at the principal entrances to the University, and owing to the determined and violent opposition of a large number of picketers (including some women) it was not possible to hold the Preliminary M.A. and M.Sc. Examinations, which should have started in the middle of July: the examinations were postponed for three months and then held without interference.

One of the most important events in the University was the completion of the new buildings for the Muslim Hall.

As in Calcutta, there was a decrease in the number of students from 826 to 748 (this including 19 women and 20 research students): there were also 24 students in the University Commerce Classes.

2. **Board of Intermediate and Secondary Education.**—The Board, which was constituted in 1921, has completed the 10th year of its existence. The most notable occurrences during the year were (1) the picketing of the schools by students and young men which began early in the year, and (2) the serious riots that broke out in Dacca

in the last week of May 1930. The panic created by the disturbances had not subsided when the schools and the colleges were due to reopen after the summer vacation and the Board found it necessary to postpone the reopening of institutions under its charge. The total cost of the Board amounted during the year under review to Rs. 54,198 of which Rs. 29,454 was met from Provincial revenues. There were, as previously, 4 Intermediate Colleges under the Board (in addition to 3 Islamic Intermediate Colleges at Dacca, Chittagong and Serajganj). Of these four colleges the Dacca Intermediate College and the Eden Intermediate College for Girls continued to be maintained by Government, while the Jagannath Intermediate College and the Imperial Salimullah Intermediate College were aided.

3. **Colleges.**—There was no change in the number of colleges, these being, as in the previous year, 44 for men and 4 for women. Economic distress and political unrest were responsible, however, for a fall in number from 20,871 to 18,189, and this decrease is reflected in the cost of maintenance which fell from Rs. 37,52,295 to Rs. 36,87,942.

Of the 44 colleges for men, 10 were wholly maintained by Government, the rest being managed by private bodies, though many received subsidies from Government. The following tables give comparative figures of enrolment and cost of upkeep for the years 1929-30 and 1930-31:—

*Number of students in colleges for men.**

	1929-30.	1930-31.
Hindus	17,434	15,013
Moslems	2,613	2,399
Others	449	435
Total ..	20,496	17,847

*The figures for women's colleges will be found in Chapter VIII.

Other sources	3,41,456	3,63,741
Total ..	36,12,210	35,37,569

Government subsidies to private colleges during the year amounted to Rs. 2,68,224: on account of financial stringency the grant of the amount of Rs. 1,29,000 usually distributed on the recommendation of the University of Calcutta for the improvement of libraries, laboratories and gymnasia was not made.

Government colleges.—There were, as before, 10 Government colleges, with 2,987 students on the rolls on the 31st March 1931 as compared with 3,479 on the corresponding date of the previous year. Of these students 1,872 were Hindus, 988 were Muhammadans and the rest belonged to other communities. The cost of maintaining these colleges amounted during the year under report to Rs. 15,32,995 towards which Provincial revenues contributed Rs. 11,55,724 so that the average annual cost per student was Rs. 513 of which Government met Rs. 387. The figures for the individual colleges are given in the table below:—

*Figures relating to Government colleges for men.**

*Islamic Intermediate Colleges maintained by Government are dealt with in Chapter X.
†Including 123 Post-graduate students.

The Principalship of Presidency College was held by Mr. J. R. Barrow up to the 30th October 1930: he was succeeded on his retirement—an irreparable loss both to the college and the Department—by Sir J. C. Coyajee, who assumed the duties of the office on his return from Geneva where he had been appointed a substitute delegate to the League of Nations. From the opening of the college until the Pujah vacation the college was the target of a determined attack by agitators whose aim was to stop all educational work in the institution. Picketing reached its climax in August and it was not until after the Pujah vacation that the college resumed its normal peaceful state. It must be emphasised however that the agitators were from outside the college and that the majority of the students were anxious to continue their studies without interference.

The Intermediate College at Dacca was also the scene of an unfortunate incident when in November 1930 the Principal's room was broken

into and the attendance registers stolen. Reference has been made in a previous part of the report to the general state of unrest in Dacca at the beginning of the college year which affected all educational institutions in the city.

Hooghly College saw the retirement of one Principal, Rai K. C. Bhattacharyya Bahadur, and the appointment of another, Mr. Zachariah of Presidency College. This, one of the oldest colleges in the province, will celebrate its centenary in 1936, and work has already begun on a Register of old students and a history of the College. Dr. N. K. Dutt, Professor of History, published during the year an important work on the origin and growth of caste in India.

In the Sanskrit College there was a decided fall in the number of students reading, but an impressive increase in the number of research scholars working in its library under the direction of the Principal. This research section bids fair to become a very important part of the college work.

A similar but even more noticeable fall in numbers was witnessed in Krishnagar College.

At Chittagong Mr. Ramsbotham was Principal of the college from the beginning of the year till 14th February 1931, when he left for Aligarh on deputation as Pro-Vice-Chancellor of the Moslem University. Mr. Aswini Kumar Mukherjee took over charge from Mr. Ramsbotham and officiated as Principal till the end of the year. Picketing was started by male and female volunteers at the gate of the college in July, but there was no unpleasant incident and the college work went on uninterruptedly, due to the tactful handling of the situation by the Police and the college authorities. During the year under review provision had to be made for teaching Physics and Chemistry to the students of the Chittagong Medical School which opened in July 1930.

Mr. T. T. Williams, the Principal of Rajshahi College, went on leave preparatory to retirement and Mr. B. M. Sen assumed charge in his place as officiating Principal on 3rd November 1930. Botany classes up to the Intermediate standard were opened during the year and a proper laboratory provided. A lecture room has also been provided for Intermediate Chemistry and Botany lectures. Fees for I.Sc. and B.Sc. classes were raised to Rs. 7 and Rs. 8 per month, respectively, with effect from July 1930. Popular lectures, occasionally given in the Common Room on subjects of general interest, drew large houses: some of the subjects treated during the year were the Ruins of Harappa, the discoveries of the Romans, the work of Pasteur.

The youngest of the Government colleges in Bengal, the Islamia College in Calcutta, passed an uneventful year. With the appointment of a Physical Instructor it was found possible to hold classes regularly for physical training, attendance in the case of the first and third year students being compulsory. The majority of the students who were on the rolls of the University Training Corps joined the Camp held in November 1930. Maulvi A. F. M. Abdul Kadir and Maulvi Syed Mozaffaruddin represented the college at the Oriental Conference held at Poona in December 1930 and both contributed original papers.

Aided colleges.—There were 20 aided private colleges in 1930-31 with 8,389 students on the rolls as against 20 aided colleges attended by 9,416 students reported in the previous year. Of the total number of

students 7,038 were Hindus and 1,059 Moslems. The total cost of maintaining aided colleges amounted during the year under review to Rs. 12,42,064, of which Rs. 2,48,655 was borne by Provincial revenues, and the average annual cost of educating each student was Rs. 148, of which Rs. 30 was met from Provincial revenues.

The centenary meeting of the Scottish Church College was held on the 12th of December, when about a thousand people were present. This college has attracted a large number of women students, and during the year the numbers practically doubled. The greatest credit is due to Mrs. Urquhart for the care she devotes to these girl students.

The Serampore College was able to link up in the course of the year with the Calcutta Electric Supply Corporation.

Bankura Wesleyan College sustained a severe loss in the retirement of Rev. A. E. Brown, M.A., C.I.E. Mr. Brown's services for education in the Province, both as Principal of the Bankura College and as a member of the Senate of Calcutta University were very valuable and will not soon be forgotten.

A well-qualified Physical Instructor was appointed by the Anandamohan College, Mymensingh, and regular work was started.

St. Xavier's College obtained affiliation in Botany in the I.A. standard.

A section was opened last session in the Carmichael College, Rangpur, for women students.

Unaided colleges.—During the year under review the Presidency again had 14 unaided colleges for men, with 6,471 pupils against 7,601 in the previous year. The cost of maintaining the unaided colleges amounted during the year under review to Rs. 7,62,510, the average annual cost of educating a student being Rs. 118.

The Bangabasi College obtained affiliation in Civics in the I.A. standard.

The Prabhat Kumar College, Contai, sustained an irreparable loss by the death of Rai Sahib Gangadhar Nanda, Vice-President of the Governing Body, who gave a sum of Rs. 10,000 towards the funds of the college at the time of its foundation.

Affiliation in B.A. Honours Economics was obtained by the City College for the session 1930-31. A non-recurring grant of Rs. 13,476 was sanctioned in March 1931 in favour of this college to enable the authorities to meet the deficit for the session 1928-29 on the understanding that an equal amount was raised by them by way of donations. The accumulated deficits in the working expenses of the Ripon College necessitated drastic retrenchments in several directions.

4. **Scholarships.**—Scholarships awarded to students fall into two classes, viz., (1) General or competitive scholarships which are awarded entirely on the results of the various University examinations and (2) Special scholarships and stipends (including those reserved for the backward classes) which are awarded to promising but needy students, and not necessarily on the results of the University examinations. Scholarships given on the results of the University examinations are highly valued both by students and their parents, and in many cases they provide the only means by which poor students of merit can proceed with their studies. It is pleasant to be able to record that Government scholars almost invariably do well in higher examinations.

CHAPTER IV.

Secondary Education.

General.—The following table gives comparative figures for all secondary schools in the Province for the years 1929-30 and 1930-31:—

	1929-30.	1930-31.
Number of schools—		
High	1,123	1,134
Middle English	1,842	1,867
Middle Vernacular	67	66
Number of pupils	468,834	444,361
	Rs.	Rs.
Cost of maintenance	1,49,42,143	1,50,15,796

The average annual cost of educating a pupil in a secondary school was Rs. 33·8 and of maintaining a school Rs. 4,895·9.

Secondary Education of Indian Boys.

(The secondary education of Indian girls and of Europeans is dealt with in other chapters.)

2. **Schools and pupils.**—The total number of secondary schools for Indian boys rose during the year under review from 2,893 to 2,924. High English schools increased from 1,046 to 1,055 and middle English schools from 1,792 to 1,815, but middle vernacular schools declined from 55 to 54. High English, middle English and middle vernacular schools lost 13,850, 10,623 and 235 pupils, respectively, during the year.

3. **Expenditure.**—The total direct expenditure incurred for maintaining secondary schools for Indian boys amounted during the year to Rs. 1,24,87,634 as compared with Rs. 1,25,41,532 in the previous year. Of the direct expenditure Rs. 21,73,477 was borne by public funds and Rs. 1,03,14,157 by private sources, the corresponding figures for the previous year being Rs. 21,66,934 and Rs. 1,03,74,598. High English schools cost Rs. 95,72,948, middle English schools cost Rs. 28,60,249 and middle Vernacular schools Rs. 54,437 against Rs. 96,40,158, Rs. 28,46,369 and Rs. 55,005, respectively, in the preceding year.

4. **Manual instruction.**—Thirty-five high and middle English schools in the Presidency had arrangements for giving manual instruction to their pupils. A few other secondary schools are also reported to be teaching subjects like carpentry, weaving, dyeing, smithy, soap-making, etc. The aided high school at Jhargram in the district of Midnapore introduced instruction in Indian music in lieu of manual instruction.

5. **Agricultural education.**—In pursuance of the programme of work outlined in the scheme for the introduction of agricultural classes in non-Government secondary schools, which was sanctioned by Government in 1927, all the teachers of the second group, 15 in number, who were deputed to the Dacca Agricultural Farm for a two-year course of training, successfully passed their examination and returned to their respective schools in January 1931. The names of the schools from which these teachers were deputed are given below. An equipment grant of Rs. 19,650 was provided in the Education Budget of 1930-31 for distribution to these schools for the purpose of starting farms and gardens. The grant was distributed in accordance with the recommendations of the Director of Agriculture and the amount sanctioned is noted against each school:—

	Rs.
(1) Lalgarh Middle English School, district Midnapore ..	2,000
(2) Srirampur Middle English School, district Midnapore ..	2,000
(3) Sitikanto Sinha Memorial Middle English School, district Birbhum	2,000
(4) Ramgarh Middle English School, Chittagong Hill Tracts ..	2,000
(5) Hadua Ghat Middle English School, district Mymensingh ..	2,000
(6) Birisiri Middle English School, district Mymensingh ..	2,000
(7) Raigunakar Bharat Chandra High English School, district Howrah	2,000
(8) Barapangashi High English School, district Pabna ..	2,000
(9) Raipur K. C. High English School, district Tippera ..	900
(10) Ganganandapur Middle English School, district Jessore ..	550
(11) Bakulia Middle English School, district Hooghly ..	550
(12) Madhabpasha Chandradwip High English School, district Bakarganj	550
(13) Fatehabad High English School, district Chittagong ..	550
(14) Dhankuria High English School, district 24-Parganas ..	550
(15) Jangalbadhal High English School, district Jessore ..	Nil.

The Jangalbadhal High English School has been excluded from the scheme and no grant was given to it. The trained teachers received an allowance of Rs. 10 per mensem. According to the recommendation of the Director of Agriculture a sum of Rs. 911-5 was also distributed during the year in question to the 15 schools of the first group to make up for the loss involved in the working of farms and gardens attached to them. In January 1931 another batch of 14 teachers was also deputed to the Dacca Agricultural Training School.

6. **School Final classes (Science side).**—The Science Course Classes attached to 7 Government high schools in the Presidency had an enrolment of 98 pupils on 31st March 1931. Out of 41 candidates who were sent up for the School Final Examination (Science Side) 26 were successful.

7. **Grant-in-aid system.**—The value of the grant-in-aid system in maintaining a standard of efficiency in schools participating in it and as a suitable encouragement to private efforts cannot be overestimated. The principles of distributing the grants remained the same as in the previous year, but the peculiar circumstances of the year brought about

both by the Civil Disobedience Movement and the wide-spread economic depression, made it necessary to relax some of the minor conditions in badly-affected cases. With a view to bring the Departmental grant-in-aid rules for schools into line with the rules framed by the University of Calcutta in connection with the Revised School Code Government sanctioned the addition of a new rule called paragraph 12 of the grant-in-aid rules under Section III—Managing Committee —according to which the provisions contained in rules 1 to 38 of the Revised School Code are now (subject to certain conditions) applicable to aided high schools recognised by Calcutta University.

8. **Admission and Withdrawal Rules.**—The rules for admission, withdrawal, promotion, leave and fees of pupils in Government and aided schools and other schools recognised by the Department approved in Government order No. 3587-Edn., dated the 28th August 1930, and No. 4111-Edn., dated the 8th November 1930, came into force from January 1931. Many important changes have been made in the old rules and Head Masters have now been given final authority to deal with certain cases which were previously decided by the Inspectors of Schools.

9. **The new curriculum.**—The new secondary school curriculum applicable to the whole of the Province came into force on the 1st January 1931. Its immediate effect has been—

(*i*) larger introduction of vernacular as a medium of instruction,

(*ii*) the renaming of classes and uniformity of gradation in respect of all classes of schools—high, middle and primary.

A special feature of the curriculum is the introduction of Science teaching in classes below IX.

10. **Experiments in education.**—The experiment which was started in some selected high schools in the Dacca Division in February 1930 in the way of holding special tests in certain subjects was completed by September 1930. The report on the results of these tests has not been received. The supervised study plan which was being tried in the Jalpaiguri Zilla School proved a failure and has therefore been abandoned. Provision has been made for an alternative syllabus in English in the revised syllabus for secondary schools which has come into force from 1st January 1931. Some of the high schools in the Rajshahi Division have adopted the new method of teaching English as devised by Dr. West following the alternative syllabus. No definite opinion as to the success or failure of the method has yet been received. The Torekona High English School in the district of Burdwan gave up experiments in the Dalton plan as the guardians were not satisfied with it. The project method was in operation in the Bhimpore Sonthal High School in Midnapore district and the Ushagram Middle English School, Burdwan, but up to the present the method cannot be said to have become popular.

11. **Provident Fund for teachers in non-pensionable service.**—Teachers, as a rule, are anxious to participate in the benefit of a Provident Fund and would gladly contribute their share, if the managers would agree to pay their share of the liability. Provident fund schemes have been introduced in most high schools and in many well-managed middle schools for the benefit of their teachers, as the

creation of such provident funds has been made a condition of recognition by the University. These schemes are popular and have made the teaching profession more attractive. The danger of starting a provident fund system in a school where there is no post office hard by is very great as the accumulated funds are not always safely invested by such schools.

12. **Results of the Matriculation Examination.**—Out of 16,446 boys who appeared at the Matriculation Examination in 1931, 11,091 were declared to have passed. The corresponding numbers in 1930 were 15,155 and 9,415, respectively.

13. **Conclusion.**—The condition of secondary education continues to be unsatisfactory. The abnormal conditions of the year under review brought about both by the acute economic distress of the people and the Civil Disobedience Movement have swept aside what little improvements were effected in recent years in bettering the condition of teachers by the institution of provident funds and by the adoption of increased rates of fees. Weak schools under private management have become still weaker and many of them are in a parlous condition. Salaries are in arrears in a large number of schools and many essential items of expenditure have been cut down, as the income from subscriptions, donations, etc., has almost ceased. Even in old self-supporting schools under-payment to teachers and other subterfuges have been resorted to in order to save the institutions from financial collapse. Much now depends on the early improvement of the material condition of the people, the availability of further Government grants for aiding secondary schools, and a cessation of political activity of a disturbing and unsettling nature.

CHAPTER V.

Primary Education.

General statistics.—The total number of primary schools for boys and girls increased from 59,124 in 1929-30 to 59,707 in 1930-31 or by about 1 per cent. Pupils attending primary schools of all types also rose from 2,000,255 to 2,052,992 in 1930-31, an increase of 2·6 per cent. over the figure of the preceding year. The total cost of maintaining these schools amounted during the year under report to Rs. 81,65,541 as compared with Rs. 83,76,809 in the previous year. Each primary school cost on an average Rs. 135-4 annually and the cost of educating a pupil was Rs. 3-9.

Primary Education of Indian Boys.

(The primary education of Indian girls and of Europeans is dealt with in other chapters.)

2. **Schools.**—Primary schools for Indian boys increased from 42,363 in 1929-30 to 42,712 in 1930-31, the increase being shared by all the divisions except Burdwan. The decrease of primary schools in the Burdwan Division was mainly due to the Department discouraging the establishment and continuance of very weak schools: it

occurred specially in the case of unaided schools. The subjoined table indicates the number of primary schools for Indian boys division by division :—

Division.	1930-31.					1929-30.

3. **Pupils.**—On the 31st March 1931, primary schools for Indian boys were attended by 1,636,272 pupils (including 85,383 girls) as compared with 1,590,834 pupils (including 73,006 girls) on the corresponding date of the previous year. Besides this number the primary classes of secondary schools contained 183,263 pupils against 210,434 in 1929-30. Pupils reading in primary schools for Indian boys and in the primary department of secondary schools therefore numbered 1,819,535 against 1,801,268 in the previous year, there being a gain of 18,267 pupils during the year under review.

4. **Relative progress of Hinus and Muhammadans.** Primary schools for Indian boys registered 712,082 Hindus and 909,400 Muhammadans on 31st March 1931 as compared with 713,447 and 863,593, respectively, on the corresponding date of 1930. Thus while the number of Hindu pupils decreased by 1,365 that of Muhammadan pupils rose by 45,807 during the year under report. Of the total Hindu male population 6·7 per cent. and of the total Muhammadan male population 7·0 per cent. were enrolled in boys' primary schools on 31st March 1931. In the previous year the percentages were 6·7 and 6·5, respectively.

5. **Expenditure.**—The total cost of maintaining primary schools for Indian boys amounted during the year under review to Rs. 66,55,890 as compared with Rs. 68,95,245 in the previous year. Of the total maintenance charges Rs. 34,76,143 or 52·2 per cent. was borne by public funds and Rs. 31,79,747 or 47·8 per cent. was met from private sources. In 1929-30 public and private funds contributed 49·8 and

50·2 per cent., respectively, of the total direct expenditure on primary schools for Indian boys. The expenditure from public funds was made up of Rs. 21,54,172 from Provincial revenues and Rs. 6,93,167 and Rs. 6,28,804 from District and Municipal funds, respectively. The expenditure incurred on primary education in 1930-31 by the district boards of Mymensingh, Faridpur, Rajshahi, Dinajpur, Rangpur, Bogra, Pabna, Malda, Midnapore, Burdwan, Hooghly and Howrah was smaller than it was in the preceding year. Reduced cess income of the District Boards concerned due to the financial crisis through which the country is passing is mainly responsible for the smaller expenditure in 1930-31. The expenditure from Municipal funds in each of the districts of Mymensingh, Faridpur, Bankura and Howrah also fell short of the amount spent last year.

6. **Panchayati Union schools.**—The number of Panchayati Union schools for boys rose from 846 in 1929-30 to 881 in 1930-31. A sum of Rs. 1,35,844 was sanctioned during the year under report for the maintenance of these schools. But no additional grant could be sanctioned for the expansion of the scheme, nor could any money be provided for raising the pay of Board Primary school teachers, although the scheme was administratively approved in 1927. This will have to be postponed until the Rural Primary Education Act of 1930 comes into operation, when the Board Primary and the Panchayati Union schools will be fitted in with the new system of primary schools to be started under the Act.

7. **Primary schools under Mr. Biss' scheme** are more expensive than the Panchayati Union schools and the scheme is making only slow progress owing chiefly to the reluctance of the local bodies to undertake the necessary financial responsibility in the matter and partly to the rigidity of the departmental rules. No new schemes were sanctioned during the year under report. On the other hand two schools in rural areas—one in the district of Midnapore and the other in the district of Faridpur—and one school in urban areas in the district of Jessore had to be abandoned owing to the inability of the local bodies concerned to contribute their share of the cost.

8. **Primary schools in Calcutta.**—On the 31st March 1931 there were 465 primary schools for Indian boys in Calcutta with 36,185 pupils as compared with 460 schools having 35,171 pupils in the previous year. Of these pupils 22,529 were Hindus and 13,515 were Muhammadans. Boys reading in primary schools and in the primary department of secondary schools together numbered 47,429 on the 31st March 1931 against 46,994 on the corresponding date of the previous year. The total cost of maintaining the primary schools of Calcutta amounted to Rs. 6,27,186 as compared with Rs. 5,32,721 in the previous year. Of the total expenditure Rs. 5,24,251 was borne by public funds and Rs. 1,02,935 came from private sources. The Corporation free primary schools which are included in the above figure increased in number from 134 to 142. The number of inspecting officers employed by the Corporation for supervision of the schools controlled and aided by it was 7 including the Education Officer and an Inspectress for Girls' Schools.

9. **Night and continuation schools.**—On the 31st March 1931 the Presidency had 1,484 night schools with 34,845 pupils in them as compared with 1,590 schools attended by 36,137 pupils in the previous

year. These are, as previously reported, ordinary primary schools which sit in the evening for about two hours daily and are attended mostly by adults, who owing to their occupations are unable to go to school during the day.

The continuation schools, which exist only in the Presidency Division and Calcutta, are of two types—Group I and Group II schools. The former teach simply the 3 R's, while the latter impart instruction to adults who have completed the preliminary primary course in an ordinary primary school or in a Group I school. The subjects that are generally taught in these schools are Arithmetic, a language and a technical subject, usually tailoring, carpentry, hat-making and book-binding. On the 31st March 1931 the number of continuation schools was 203 and they taught 5,736 pupils at a cost of Rs. 17,386 from public funds. It is unfortunate that neither teachers nor pupils appear to take seriously to the study of the technical subjects and attempts are being made to bring home to the teachers the great importance of this side of the education given in the schools. The question of adult education has been under consideration for some time and a comprehensive scheme for its improvement was sent up to Government during the year under report.

10. **Examinations.**—During the year under report 11,285 boys appeared in the Primary and the Maktab Final Examinations and of these 7,723 were successful. The corresponding figures for the previous year were 11,003 and 6,982, respectively.

11. **Double-shift system.** -The experiment introduced in the five primary schools in Bogra continued to work satisfactorily. The scheme was financed on the lines of Mr. Biss' scheme. In actual working of the scheme the following modifications were, however, made:—

(1) Slight reduction in the number of subjects prescribed.

(2) Reduction in the time allotted to each subject per week.

(3) Introduction of monthly payment system for the teachers.

12. **Scholarships.**—Some Inspectors of Schools are of opinion that the scheme of departmental primary scholarships which was drawn up many years ago stands in need of revision. The cost of education has increased as also the number of children in primary schools: but there has been no corresponding increase in either the value or number of the scholarships awarded to meritorious students at the end of the primary course.

13. **The Bengal (Rural) Primary Education Act.**—The whole province showed considerable interest in the Bengal Rural Primary Education Bill which had been before the Bengal Legislative Council since 1928. The Bill was passed into an Act by the Legislative Council on 26th August 1930, and received the assent of the Governor-General. Some time is bound to elapse before the Act comes into operation, but in the meantime important spade-work is being done by the Department with a view to facilitate the work of the District School Boards when these are created. Perhaps the most important part of this work was a result of a circular issued by the Director of Public Instruction in September 1930 instructing Sub-Inspectors of Schools to make an intensive educational survey of their respective areas and decide upon the places where such primary schools as are needed, will be located.

14. **School post offices.**—The number of teachers who worked as post masters during the year under review was 511 against 503 in the previous year. The remuneration for postal work varied from Rs. 5 to Rs. 20 a month.

CHAPTER VI.

The training of teachers of Indian schools.

A.—Training of Men Teachers.

Training colleges.—The two training colleges for secondary school teachers maintained by Government at Calcutta and Dacca had altogether 137 students on their rolls on 31st March 1931 as compared with 134 pupils who were under instruction in these colleges on the corresponding date of the previous year. Of these students only 1 read the L.T. Course. The bulk of the students admitted to both colleges were, as previously, teachers of aided schools, and young men eager to take to teaching work. The intending teachers, whether stipendiary or non-stipendiary, were selected by the Principals on the result of admission tests. The Vacation Course in English instituted by Dacca University in 1929 was conducted by Dr. West, Principal, Teachers' Training College, Dacca, for about five weeks shortly after the close of the period under review; out of 17 candidates trained in this course 15 were awarded a proficiency certificate.

2. **David Hare Training College, Calcutta.**—On the 31st March 1931, 59 students, the same number as in the preceding year, were under training in the David Hare Training College. All the students read the B.T. Course. The cost of maintaining the college amounted in the year under review to Rs. 59,933 as compared with Rs. 64,981 in the previous year. Out of 59 students who sat for the B.T. Examination, 48 were successful. The revised course of studies referred to in the last annual report was sanctioned by the University during the year under review, and it is hoped that it will come into operation from the session 1932-33. Practice teaching by the students under training was conducted in 7 high English schools in the city. Two papers were submitted by Professor K. D. Ghose to the All-Asia Educational Conference held at Benares in December 1930. Lectures on the League of Nations were delivered at the college by the Principal and Professor Ghose, and a lantern lecture on "A trip to Sikkim" was given by Mr. A. J. Dash, I.C.S., Secretary, Education Department, Bengal. Popular lectures were delivered by the teaching staff on such subjects as "The General International situation," "The English Political Parties and their Policies," "The Principles of the Epidiascope and its use," "The social function of the school," "The Young Delinquent Child" and "The Primary Education Act." The students visited the Calcutta Blind School, the Deaf and Dumb School and the Victoria Memorial Hall. Students of the Diocesan College, Training Department, and of the Training Class attached to the Brahmo Girls' School visited the college last session and were given an opportunity of seeing the work done there. The Principal is of the opinion that with a slight readjustment of the class and office rooms accommodation may be

provided in the college for 80 students. A medical examination of the students held early in the session showed that only 16 of them were in good health, the chief defects noticed being bad teeth and flat chests.

3. **Teachers' Training College, Dacca.**—The Teachers' Training College, Dacca, had 78 pupils—77 in the B.T. and 1 in the L.T. Class—on 31st March 1931 as compared with 75 students in the preceding year. Of these students 59 came from Bengal and 18 from Assam, while 1 was deputed by the Tripura Raj State. This number excludes 1 student who came from Indore State and joined the Training College as a supernumerary pupil. The maintenance of the college cost Government Rs. 84,116 in the year under review as against Rs. 98,184 in the preceding year. The college presented 78 candidates in the B.T. examination of whom 73 passed. The only L.T. student of the year failed in the examination. Investigations in the new method of teaching English Grammar and Bengali have been continued in the Training College. Investigations were also conducted by the students under training in (1) Interest of students in different types of stories according to ages and grade, (2) Spelling scale, and (3) English words known to Bengali children aged 8-10 years, who have not begun the study of English. Regulations and Ordinances governing the course of studies in Manual Work were revised by the Dacca University during the year under report. The abstract of an article styled "A statistical study of some examination marks" written by Professor A. K. Dutta for the Indian Science Congress of 1931 was published by the Asiatic Society of Bengal. Excursions to the local Museum and the Lalbagh Fort were organised for the benefit of the College students.

4. **State Scholarships.**—Of the two State Scholarships which have been made available for the training of graduate teachers of secondary schools in Bengal, one was awarded, as previously, to a Moslem, and one to a non-Moslem teacher in order that they might undergo a two-year course of training in Great Britain.

5. **Normal schools.**—On the 31st March 1931 there were 5 (the same number as in the preceding year) normal or first-grade training schools in Bengal which were attended by 438 pupils as compared with 431 students enrolled by these schools on the corresponding date of the previous year. The total expenditure incurred for the upkeep of normal schools rose during the year under review from Rs. 1,26,275 to Rs. 1,26,316, of which Rs. 1,26,168 was contributed by Provincial revenues. Of the 193 candidates who appeared in the Final Examination from these schools last year 159 were declared to have passed. The reorganisation of normal schools is regarded by most inspecting officers as an urgent necessity, now that the number of Matriculates seeking admission to them has been increasing steadily. The Hooghly Training School continued to impart instruction in First Aid and Ambulance work; 44 students of the school were awarded proficiency certificates last year.

6. **Guru and Muallim-training schools.**—The Guru and Muallim-training schools which numbered 87 on 31st March 1931, reported a total enrolment of 2,134 pupils, the corresponding numbers for the previous year being 88 and 2,006, respectively. Of these schools, 80 were managed by Government and 1 by the Corporation of Calcutta; the rest were maintained by missionary societies. The total cost of maintaining guru and muallim-training schools amounted in the year

under review to Rs. 3,48,013 as compared with Rs. 3,66,204 in the preceding year; of this amount, Rs. 3,21,903 (against Rs. 3,37,114) was borne by Provincial revenues. Of the 1,830 candidates who appeared in the Final Examination from these schools 1,627 were successful.

The old-type guru-training school at Katwa in the district of Burdwan has been replaced by a new-type school, and the guru-training school at Kalna in the same district which was of the old type was abolished during the year under review.

The passing of the Primary Education Act, 1930, has brought into prominence the great importance of having in the province an adequate outturn of trained primary school masters. Every effort is being made to utilise to the full the opportunities afforded by the existing schools, and a scheme for the establishment of a number of new training schools is before Government.

B.—Training of Women Teachers.

7. **Training colleges for women.**—The scheme for the establishment of a Women's Training College at Calcutta under departmental control, which was referred to in the last annual report, has received the administrative approval of Government. The scheme involves a non-recurring expenditure of Rs. 7,46,170 and a recurring cost of Rs. 81,201 per annum. A high English school is to be attached to the Training College for purposes of demonstration. The Training Departments attached to the Diocesan College and Loreto House, where women teachers of secondary schools are trained at present, had 16 and 15 pupils, respectively, on the 31st March 1931. The expenditure incurred for the maintenance of the Diocesan College Training Class amounted in the year under report to Rs. 8,305, of which Rs. 7,635 was met from Provincial revenues. The cost of upkeep in regard to the Loreto House Training Department is included in that of the general department of the college. The Diocesan College Training Department passed 13 out of 16 students in the last B.T. Examination. The Loreto Training Class presented 8 students in the B.T. and 7 in the L.T. Examination, of whom 7 and 6 students, respectively, are reported to have been successful.

The authorities of the Diocesan College are very anxious to give up the training of teachers at the earliest possible moment. The work has been continued by the college for some years only because of the lack of any Government college for the training of women teachers and the Principal of the Diocesan College has pointed out that her college cannot continue this work indefinitely. The establishment of the Women's Training College is thus of the very greatest importance from the point of view of the education of girls in the province.

8. **Training schools for women.**—The number of training schools and classes, which have facilities for training women teachers employed in primary schools and the lower classes of secondary schools in the Presidency remained unchanged at 10. Of these schools 3 were directly managed by Government and 7 by Christian and Brahmo Missions. The women's training schools reported a total enrolment of 240 pupils on 31st March 1931 as compared with 220 on the corresponding date of the previous year. The total expenditure incurred for the upkeep of

these schools amounted in the year under report to Rs. 83,189, of which Rs. 71,020 was met from Provincial revenues; the corresponding figures for 1929-30 being Rs. 95,689 and Rs. 78,456, respectively. The duration of the Junior Course for the Vernacular Teachership Examination having been extended from 1 to 2 years under the revised rules proposals were submitted to Government for the grant of additional stipends. Government have, however, decided that the proposals could only be considered when the financial condition of the province improves. It has been decided to remove the Women's Training School, Dacca, from its present unsuitable surroundings to the University area at Ramna. In 1930-31 the results of the Training School Examinations were as follows:—

Examinations.	Candidates.	
	Presented.	Passed.
Senior Vernacular Teachership	30	16
Junior Vernacular Teachership	108	63

CHAPTER VII.

Professional and Technical Education.

Law colleges and classes.—As in previous years facilities for the study of law were provided by the University Law College, Calcutta, and the Law Departments of the Ripon College and the University of Dacca. The number of students in the three institutions fell from 2,908 to 2,555. Of the total number of students returned on 31st March 1931, 1,854 were Hindus, 678 were Muhammadans, and 23 were of other communities. The total expenditure incurred during the year under review for the upkeep of the University Law College, Calcutta, and the Law Department of the Ripon College amounted to Rs. 2,69,062 as compared with Rs. 2,70,225 in the previous year. The cost of maintaining the Law Classes attached to Dacca University, which has not been shown separately in the University returns, is included in the General Tables under the head "Universities." Of the 1,263 students who appeared at the Final B.L. Examination from these three institutions during the year 498 were successful.

2. **Medical colleges and schools.**—Facilities for higher medical studies were again provided by three institutions in the Presidency, viz., the Calcutta Medical College, the Carmichael Medical College, Belgachia, and the School of Tropical Medicine and Hygiene. The three institutions together had 1,302 students (including 10 women) on 31st March 1931 as compared with 1,333 pupils (including 14 women) returned on the corresponding date of 1930. Of the total number of students under instruction, 117 were Hindus, 116 were Muhammadans, 7 were Indian Christians and 62 were of other creeds. The upkeep of the three institutions cost Rs. 9,45,328 during the year 1930-31 as against Rs. 9,84,536 spent for maintaining them in the previous year. Out of 518 students who appeared in the Final Examination from these institutions 215 were successful: the corresponding numbers for the preceding year were 601 and 259, respectively.

On the 31st March 1931 the Presidency had 9 recognised medical schools attended by 2,244 students (including 20 women). The cost of maintaining the medical schools amounted in the year under review to Rs. 5,78,202 of which Rs. 2,43,252 was borne by Provincial revenues. The medical schools of the province presented altogether 777 candidates at the Final Examination of whom 365 were declared to have passed, the corresponding numbers in 1929-30 being 731 and 412, respectively.

3. **Veterinary College, Belgachia.**—The Veterinary College, Belgachia, had 141 students on its rolls on the 31st March 1931 as compared with 163 pupils on the corresponding date of the preceding year. Of these students 101 were Hindus, 29 were Muhammadans, and 11 came from other communities. The maintenance charges of the college amounted to Rs. 1,92,228 in the year under report against Rs. 2,16,160 in the previous year. The charges were met entirely from Provincial revenues. Out of 141 students, who sat for the Annual Examination in 1930-31, 106 were successful.

4. **Bengal Engineering College.**—On the 31st March 1931 the Bengal Engineering College, Sibpur, had 298 pupils (viz., 161 in the Civil Engineering Classes, 81 in the Mechanical and Electrical Engineering Classes, and 56 in the Industrial Classes), the same number as on the corresponding date of the previous year. Of the total number of students under instruction 262 were Hindus, 28 were Muhammadans and 8 were Europeans and Anglo-Indians. The cost of maintaining the college amounted in the year under report to Rs. 3,09,143, of which Rs. 2,55,401 was met from Provincial revenues; the corresponding figures for the previous year were Rs. 3,11,694 and Rs. 262,021, respectively. The annual cost per pupil worked out at Rs. 1,293, of which Rs. 1,068 was borne by Government. The value of the work turned out by the college workshops decreased from Rs. 5,603 to Rs. 4,902. The results of the college in the various examinations held during the year under review are noted below:—

Examinations.	Candidates.	Passes.
B. E.	26	20
I. E.	83	45
Associateship in Mechanical Engineering ..	6	6
Diploma in Mechanical and Electrical Engineering	18	14
Diploma in Electrical Engineering ..	18	13

Mr. A. Macdonald, Principal of the Bengal Engineering College, having gone home on leave in March 1931, Mr. C. J. Henderson (Principal, Ahsanullah School of Engineering) was appointed to act as Principal. Mr. A. Watson, Professor of Mechanical Engineering, resigned his appointment and Mr. J. Riffkin (formerly Patiala Professor of Mechanical Engineering, Benares Hindu University) was appointed to the vacancy last March. In July 1930 administrative approval was

accorded by Government to the proposal for the presentation of students of the Bengal Engineering College for the B.E. Degree in Mechanical Engineering of Calcutta University. Owing to financial stringency the Degree course in Electrical Engineering has not up to the present matured, although sanction of Government has been given to the creation of a temporary post in the Bengal Educational Service for the appointment of an Assistant Professor of Electrical Engineering at the College. Revision of the B.E. Mathematics syllabus has become necessary in order to bring it into line with the syllabus of the All-India Examination for the recruitment of engineers. As usual, expert engineers and specialists employed elsewhere acted during the year as Visiting Lecturers on subjects such as Water Works, Drainage and Sewage Disposal, Structural Engineering, Railway Engineering, Irrigation and Accountancy. Babu Phani Bhusan Chakravarti, B.E., topped the list of successful candidates at the Practical Examination held at Purulia in November last. Two of the passed B.E. students, who had completed one year's practical training in 1929 were awarded last year the University Sibley Scholarships of Rs. 80 a month each tenable for one year. The renewal of the award of these scholarships, which had been held in abeyance for a long time, was largely due to the initiative taken by Mr. H. E. Stapleton, Director of Public Instruction, Bengal. In pursuance of the orders of Government, the fee-rates of the students reading for the Degree course in Mechanical Engineering at the Bengal Engineering College have been fixed with effect from November 1930 at the same scale as those for Civil Engineering students. The fees for those students who take the Diploma and Associateship courses remain unchanged at present.

The Secretaryship of the Board of Control for Apprenticeship Training was transferred from the Principal, Bengal Engineering College, to the Principal, Calcutta Technical School, during the year under report.

5. **Ahsanullah School of Engineering.**—On the 31st March 1931, the Ahsanullah School of Engineering, Dacca, had a total enrolment of 476 pupils (161 in the Upper Subordinate, 242 in the Lower Subordinate, and 73 in the Artisan Classes) against 470 in the preceding year. Of these students, 412 were Hindus, 59 were Muhammadans, 3 were Indian Christians, and 2 were Buddhists. Besides this number, 53 passed students were receiving practical training under the Public Works and Public Health Departments, Railway Authorities, Local Bodies, and Engineering Firms. The upkeep of the school cost Rs. 1,13,838 during the year under report of which Rs. 79,598 was met by Government; the corresponding figures for the previous year being Rs. 1,32,031 and Rs. 1,03,038, respectively. The annual cost of educating each pupil worked out at Rs. 237 of which Rs. 166 was borne by Government. Babu Samares Rai Chowdhury, Assistant Principal of the School, has been acting as Principal since 1st July 1930, as Mr. C. J. Henderson, the permanent incumbent, went on leave out of India and later took over charge of the Bengal Engineering College. The school passed 63 out of 100 students in the Overseer, and 89 out of 163 students in the Sub-Overseer Examinations held during the year under review. Eighteen artisan students also completed their training last session. The increased rates of fees sanctioned by Government for the Overseer and Sub-Overseer classes were introduced with effect from 1st July 1930. The new hostel (for 204 students) was occupied in July 1930. The practical survey work was done last session by

students in the local fields, for in view of the prevailing unrest in the country it was considered inadvisable to send the students to a mufassal camp. The first Practical Examination of passed Overseer students in accordance with the scheme sanctioned by the Public Works Department in 1929 was held at Dacca in December last and 11 students from Bengal appeared; it is gratifying to note that 6 of these students have been appointed to the Subordinate Engineering Service of Bengal. The Pleaders' Survey Training Class was held under canvas, as usual, at Gandaria for six weeks from 5th January 1931. Of the 23 pleaders who appeared in the Survey Examination in February last 13 were successful. The school workshops turned out work valued at Rs. 7,967 in the year under report. The artisan students received, as usual, the benefit of half the amount representing the cost of their labour.

6. **Bengal Survey School.**—The Bengal Survey School, Mainamati, had 72 students (including a Kanungo) on its rolls on 31st March 1931, against 90 on the corresponding date of the previous year. Of these students 59 were Hindus, and 13 were Muhammadans. The cost of maintaining the school amounted in the year under report to Rs. 20,102 of which Rs. 15,635 was met from Provincial revenues, the corresponding figures for the previous year being Rs. 20,152 and Rs. 14,358, respectively. Last year four passed students joined the Special Training Class in Mine-Surveying. Of the 39 students who appeared in the Final Survey Examination during the year under review, 32 were successful. At the Amin Examination the school presented 50 candidates of whom 43 passed. The second-year students were out in camp for three months from 1st December 1930, and they carried out important traverse and relay work offered by the Collector of Dacca and the District Judge of Tippera. They also carried out some traverses for an estate under the Court of Wards in Noakhali. The construction of masonry buildings for accommodation of the teaching staff and the dispensary was completed last year.

7. **Art Schools.**—On the 31st March 1931 the total number of art schools in the Presidency was 5 as previously; these schools had altogether 458 pupils on their rolls against 574 in the previous year. The chief of these schools is the Government School of Art, Calcutta, which had 216 students on 31st March 1931 as compared with 285 on the corresponding date of 1930. This decrease in the number of pupils under training was due to the expulsion and withdrawal of some students in consequence of disturbances in the school which broke out in September 1930 and continued up to January 1931. Of the total enrolment 205 were Hindus, 7 were Muhammadans and the rest were of other communities. The total direct expenditure incurred for maintaining the school in the year under review amounted to Rs. 52,363 of which Rs. 37,907 was met from Provincial revenues; the corresponding amounts in the previous year were Rs. 55,828 and Rs. 37,802, respectively. The cost per pupil was therefore Rs. 214 of which Rs. 155 was borne by Government. Forty-eight students sat for the Final Examination during the year under report and of these 25 passed. The annual exhibition of drawings and paintings of the students and teachers of the school, which is generally held during the Christmas holidays, was postponed last year owing to the unrest among students. During the year under report the school was visited by the Hon'ble Lady Jackson and His Royal Highness the Prince of Siam. The Commercial Art Section attached to the school still continues on a

temporary basis. The revised rules for the management of the Government School of Art, to which reference was made in the last annual report, were administratively approved by Government during the year under report.

8. **Commercial schools.**—The Government Commercial Institute, Calcutta, is the most important among the 28 commercial schools, which now exist in Bengal. It had 315 students on the rolls on 31st March 1931 against 355 on the corresponding date of the previous year. Of these students 294 were Hindus, 16 were Muhammadans and 5 were of other creeds. The upkeep of the institution cost during the year Rs. 74,972 of which Rs. 50,931 was met from Provincial revenues, the corresponding figures for the previous year being Rs. 63,628 and Rs. 41,150, respectively. The cost per pupil therefore worked out at Rs. 189, of which Rs. 128 was borne by Government. Forty-four candidates appeared from this institute at the Final Commercial Course Examination and of these 36 passed. In the Special Commercial Course Examination 182 students passed out of the 299 candidates (including private students and those of affiliated schools) who presented themselves. Mr. F. E. Winmill, President of the Commercial Institute Board, retired from India last year and was succeeded by Mr. A. Aikman of Messrs. Andrew Yule & Co. The Final Commercial Course Examination of the Institute has been lately recognised by Calcutta University as equivalent to the I.A. Examination for purposes of the admission of students to the B.A. and B. Com. Classes. A proposal has been also made by the University of Calcutta that the University would be prepared to give up direct responsibility for conducting B. Com. teaching, if adequate arrangements could be made in the Institute to impart commercial education up to the Degree standard; the matter is under consideration. In January 1931 administrative sanction of Government was accorded to the creation of a temporary post in the scale of pay of Rs. 75—5—200 per mensem for the appointment of a graduate and trained physical instructor for the institute and to the payment of a maximum annual grant of Rs. 550 to its athletic club; the scheme awaits the provision of necessary funds. During the year under report 2 commercial schools in Calcutta and 1 in Dacca were temporarily affiliated to the Government Commercial Institute.

9. **Weaving schools.**—The weaving schools of the Presidency continued, as before, to be controlled by the Director of Industries. The chief of these schools is the Government Weaving Institute, Serampore, which reported 111 pupils (including 22 women) on 31st March 1931 as compared with 74 on the corresponding date of 1930. Of these students 84 were Hindus, 16 Muhammadans, and 11 Indian Christians. The upkeep of the school cost Rs. 41,420 during the year under report of which Rs. 40,656 was met from Provincial revenues; the corresponding figures for the previous year being Rs. 44,210, and Rs. 43,073, respectively. The cost per pupil was Rs. 414 of which Rs. 406 was borne by Government. Of the 5 students who appeared at the Diploma Examination all were successful. Ten out of 12 women passed out of the Female Industrial class and 21 artisan students are also reported to have completed their training last session. In the City and Guilds Examinations held in April and May 1930, 16 candidates were declared to have passed in the various textile subjects. The permanent school building has been occupied since July 1930. The construction of the new workshop is nearing completion.

10. **Music schools.**—The 7 music schools of the Presidency of which 4 were aided, reported an enrolment of 362 pupils (against 311) on 31st March 1931. The consideration of the proposals which were submitted to Government in April 1930, in connection with the question of the introduction of the teaching of music in secondary schools and of the establishment of training classes for teachers of music has been held in abeyance on account of financial stringency.

11. **Agricultural education.**—A detailed account of steps taken by the Department for the introduction of agricultural education in secondary schools is given in Chapter IV of this report. Of the 4 (against 3 in the preceding year) agricultural schools proper returned on 31st March 1931, 2 were directly managed by Government and 2 were aided. These schools had altogether 112 pupils on the rolls on 31st March 1931 as compared with 109 on the corresponding date of 1930. The scheme lately introduced by the Hooghly District Board for imparting elementary agricultural education (based on school-gardening) in primary schools and maktabs for boys is reported to have achieved some measure of success.

12. **Other technical centres.**—Most of the technical and industrial schools in the Presidency are controlled, as previously, by the Director of Industries, Bengal. Among them the following schools may be specially mentioned:—

(*i*) *The Calcutta Technical School* had a total enrolment of 163 pupils on 31st March 1931 against 175 in the previous year. The cost of maintaining the school amounted during the year under report to Rs. 80,887 of which Rs. 53,563 was met from Provincial revenues. As a result of the negotiations which were reopened by the Governing Body with the Corporation of Calcutta, the latter have agreed to give the school a grant-in-aid subject to certain conditions. The services of two senior lecturers had to be dispensed with at the end of the year owing to financial stringency. Owing to trade depression the scheme for the institution of a sound system of apprenticeship in the Printing Industry has received a set-back. Twenty students of the school appeared at the Board of Control's Technical School Annual Examination and 70 per cent. are reported to have passed.

(*ii*) *The Kanchrapara Technical School* returned 63 pupils on 31st March 1931 against 56 on the corresponding date of 1930. The upkeep of the school cost Rs. 52,080 during the year under report, of which Rs. 42,269 was borne by Government. Forty-nine candidates were sent up for the Board's Annual Examination held in January 1931 and of these 34 were successful. All the members of the teaching staff were provided with quarters at Kanchrapara during the year under report.

(*iii*) *The B. N. R. Apprentices' Technical School* at Khargpur had 64 students on the 31st March 1931 against 35 on the corresponding date of 1930. The maintenance of the school cost Rs. 5,700 during the year under report, of which Rs. 1,680 was borne by Provincial revenues. In the Board of Control's Annual Examination 12 out of the 13 candidates, who presented themselves, were successful.

13. The B. Com. Degree was conferred by the Universities of Calcutta and Dacca on 69 and 15 students, respectively, during the year under review. The number of students who passed the I.A. Examination of the Board of Intermediate and Secondary Education,

Dacca, with Commerce as a special subject was 17 in the year under report, and the number of boys who passed the I.Sc. Examination of the Board with Dyeing as their special subject was 15.

CHAPTER VIII.

Education of Indian girls and women.

Institutions and pupils.—On the 31st March 1931 there were 17,481 educational institutions of all grades and types for Indian girls with 446,288 pupils attending them, the numbers on the corresponding date of the preceding year being 17,129 and 435,463, respectively. Thus the number of pupils reading in girls' schools increased by 10,825, and that of schools meant for them by 352. Girls reading in girls' schools (after excluding 6,752 boys who were under instruction in these schools) together with those attending boys' schools numbered 528,331 on the 31st March 1931. Of this total 231,169 were Hindus and 287,716 were Muhammadans; the rest were of other communities.

2. **Controlling agency.**—The Departmental inspecting staff for girls' schools consisted of 2 Inspectresses and 12 Assistant Inspectresses of Schools divided equally between East and West Bengal

3. **Collegiate education.**—During the year under review there were, as previously, 4 arts colleges for women in the Presidency including the Intermediate Department of the Eden High School for Girls, Dacca. These colleges had altogether 342 students on the rolls on 31st March 1931 as compared with 375 on the corresponding date of the preceding year. Of the 4 arts colleges, 2, viz., the Bethune College, Calcutta, and the Eden Intermediate College, Dacca, are directly managed by Government, while the Diocesan College and the Loreto House, Calcutta, are under private management, the former being aided. There were also 187 girls reading in arts colleges for men and in the University classes.

The Bethune College had 140 students on its rolls on 31st March 1931 as compared with 182 on the same date of the previous year. The upkeep of the college cost Rs 84,823 during the year under report of which Rs. 75,073 was met from Provincial revenues, and the cost of educating each pupil was Rs. 547, of which Rs. 484 was borne by Government. Out of the 23 students who appeared at the last B.A. Examination from this college 18 were successful. In the Intermediate Examination 20 out of 31 students passed in Arts and 9 out of 12 in Science. The Principal has pressed repeatedly for affiliation of the college in Civics and an additional lecturer is urgently needed to enable the teaching staff to cope with the tutorial work in English. Miss Webber resigned her appointment as Physical Instructress and Miss M. Ricketts was appointed in her place in August 1930. The Music classes, which are attended by the students of the college and the attached collegiate school, were conducted regularly on Saturdays by the Sangit Sangha.

On the 31st March 1931 the Eden Intermediate College, Dacca, had 57 students as compared with 61 in the previous year. The total

cost of maintaining the college department amounted in the year under report to Rs. 27,748, of which Rs. 23,406 was borne by Provincial revenues, and the cost per pupil was Rs. 487, of which Rs. 411 was met from Provincial revenues. Out of the 25 students who sat for the last I.A. Examination 21 were successful. The problem of removing the college and the attached high school to the University area at Ramna, Dacca, has not yet been solved.

Students reading in the Diocesan College and Loreto House numbered 81 and 64, respectively, on the 31st March 1931, as compared with 82 and 50 on the corresponding date of 1930. The cost of maintaining the 2 colleges amounted in the year under review to Rs. 23,272 and Rs. 14,530, respectively, so that the cost per pupil was Rs. 332 and Rs. 291. The Diocesan College passed 9 out of 9 students in the last B.A. Examination and 15 out of 17 in the I.A. Examination. Loreto House presented 11 students in the B.A. and 14 in the I.A. Examination of whom 9 and 13, respectively, passed. Lectures were delivered, as previously, in the Diocesan College on useful subjects (outside the curriculum) including nursing, prevention of tuberculosis, the Simon Report, and English Literature. A Committee has been at work in this college all through the year with the object of investigating possibilities for the establishment of a Women's Christian College in South Calcutta.

4. **Secondary education.**—(*i*) *High schools.*—The number of high schools for Indian girls rose during the year under review from 33 to 34; the opening of a high English school for girls at Bogra accounts for the increase. Of the total number of high schools for girls 5 were, as previously, managed by Government, 26 were aided, and 3 unaided. The total number of girls reading in high schools also increased from 9,492 in 1929-30 to 9,846 in 1930-31. In the Matriculation Examination held in 1931, 340 girls out of 463 were successful; the corresponding figures for the preceding year were 223 and 345, respectively.

(*ii*) *Middle schools.*—On the 31st March 1931 the Presidency had 51 middle English schools for Indian girls against 48 on the corresponding date of 1930. Middle English schools taught 6,521 girls as compared with 6,977 in the previous year. Thus the number of girls under instruction in middle English schools decreased by 456, although the number of schools increased by 3 during the year under review. The number of middle vernacular schools for Indian girls remained unchanged at 12 Middle vernacular schools had 1,270 girls on 31st March 1931 against 1,354 on the corresponding date of the preceding year.

5. **Primary schools.**—During the year under report the number of primary schools for Indian girls rose from 16,743 to 16,977 but the number of girls reading in primary schools declined from 476,573 to 415,860. The number of Panchayati union schools for girls increased from 164 to 167, while the number of free primary schools for girls managed by the Calcutta Corporation remained unchanged at 80. The latter had an enrolment of 10,941 pupils as compared with 10,340 in the previous year. Private agencies such as the Society for the Improvement of Backward Classes, and Missionary societies have continued to work well in connection with the spread of female education in the Presidency. The Nari Sikha Samity did valuable work especially in the more remote parts of the province, and the Uttarpara

Hitakari Sava continued to function as an examining body. The boarding school for girls and widows at Bhadrakali in the district of Hooghly is reported to be working well.

6. **Special schools.**—In 1930-31 the number of technical, industrial and other special schools for Indian girls remained unchanged at 46. The special schools had altogether 2,374 girls in them on 31st March 1931 as compared with 2,439 on the corresponding date of the previous year. They teach needle-work of various kinds, lace-making, tailoring and weaving, besides giving general education. In the majority of cases the special schools have been organised by Missionary societies with the object of helping Indian girls to earn their livelihood.

7. **Zenana education.**—On the 31st March 1931 there were 50 zenana teachers who taught altogether 1,178 pupils. Education was imparted to zenana women, as in previous years, both at central gatherings and by house-to-house visits. Both methods have been condemned by the Inspectresses of Schools, who are of opinion that the money spent on the present system of zenana education might be utilised more profitably for the improvement of girls' schools. Frequent absence of pupils, change of centres and lack of inclination are the chief obstacles to progress. As has been mentioned in previous reports the reform of the scheme on more effective lines has been under the consideration of the Department for some time past.

8. **Needle-work.**—Of late years there has been a marked improvement in the quality of needle-work done in girls' schools which is due mainly to the able guidance of the peripatetic needle-work teachers. The institution of the Lady Carmichael Diploma has also stimulated a desire for improving the work. Even the European schools of the Province are eager to compete for the diploma. The Inspectress of Schools, Dacca Circle, considers that the present grant of one rupee a month sanctioned by the Department in favour of certain girls' primary schools for the purchase of sewing materials is insufficient and that it should be raised to Rs. 2.

9. **Expansion of female education.**—The report submitted by Mrs. Woodthorpe in connection with the further development of female education in this Presidency, to which reference was made in the last annual report, is still under the consideration of the Department.

CHAPTER IX.

Education of Europeans and Anglo-Indians.

Schools.—On the 31st March 1931, the Presidency had, as in the previous year, 68 institutions for the education of European and Anglo-Indian students. Of the 68 institutions 64 were for general education and 4 for special instruction. The 64 general schools comprised 24 secondary schools, 19 higher grade, 20 primary and 1 ungraded. The European schools of the Province with the exception of 3, viz., the Victoria Boys' School, the Dow Hill Girls' School, and the Dow Hill

Training College for school mistresses, Kurseong, which are Government institutions, are managed by bodies such as the Railway authorities and the various Christian denominations.

2. **Pupils.**—The subjoined table shows the distribution of pupils in the different stages of instruction in European schools on 31st March 1931:—

Schools.	1929-30.				1930-31.			
	Number of institutions.	Number of boys.	Number of girls.	Total.	Number of institutions.	Number of boys.	Number of girls.	Total.
Secondary ..	24	3,105	2,665	5,770	24	3,095	2,713	5,808

Total ..	68	6,267	5,180	11,447	68	6,393	5,230	11,623

Thus the number of boys reading in European schools increased by 126 during the year 1930-31 and that of girls by 50. The figures in the preceding table include 2,370 non-European pupils attending European schools on 31st March 1931 as compared with 2,173 on the corresponding date of the previous year. Of this total 1,348 were Armenians, Jews and Parsis.

3. **Expenditure.**—The total expenditure incurred in 1930-31 for the education of European and Anglo-Indian students in Bengal amounted to Rs. 39,90,887 (including boarding charges of Rs. 15,90,865) as compared with Rs. 40,50,171 in the preceding year. The sources of this expenditure were as follows:—

	Rs.
(1) Provincial revenues	9,85,863
(2) Municipal grants	37,297
(3) Fees	18,16,627
(4) Subscriptions, endowments, etc.	11,51,100
Total ..	39,90,887

4. **Scholarships.**—A sum of Rs. 29,139 as compared with Rs. 30,579 in the previous year was spent during the year for the award of scholarships to pupils of European schools. This figure excludes the amount of scholarships paid in Bengal by other provinces.

5. **Teachers.**—Altogether 793 teachers were employed in European schools of the Presidency on 31st March 1931 as compared with 768

on the corresponding date of the preceding year. Of this number 120 were graduates, 460 (including 66 graduates) were trained, and 333 (including 54 graduates) were untrained.

6. **Training of teachers.**—One European male teacher was deputed by Government during the year under report to the Chelmsford Training College at Ghoragali, Punjab, for training as elementary school teachers, as there are no facilities for such training in this Presidency. The Dow Hill Training College, Kurseong, is the only institution in the Province for the training of European and Anglo-Indian female teachers. It had 16 teachers under training on 31st March 1931 as compared with 21 in the previous year. At the Annual Examination held in November 1930, 7 out of the 8 senior or second-year students passed the Final Examination, one student having been unable to present herself on account of ill health. Of the 7 junior or first-year students all were promoted.

7. **Vocational training.**—Courses for domestic science training, manual training, science, etc., which were described as "special subjects" under the old Code of Regulations for European schools are regarded under the new Code as an intrinsic part of the school curriculum. Nine secondary schools for boys include science in their ordinary curriculum and three include manual training (wood-work). Eight secondary schools for girls include courses in domestic science, two schools in addition prepare their pupils for the commercial course, while one trains its pupils in industrial subjects.

Eighteen higher grade schools take up the courses laid down in Appendix IV of the new Code. Seven higher grade schools train their pupils in the industrial course, one is working the agricultural course, five prepare girls in the commercial course, and eleven schools include domestic science in the curriculum of particular classes.

Loreto House, St. Helen's Convent, Dow Hill School and Queen's Hill School in addition to ordinary domestic science classes have a special technical department where selected pupils are trained in specific branches of domestic science. Domestic science subjcts were examined as before by the City and Guilds Examination Committee, London, in November 1930; pupils from Dow Hill School and St. Helen's Convent were examined at Kurseong and those from St. James' School were examined at Calcutta. The entries and results of that examination were as follows:—

	Entries.	Passes.
Plain needle-work	21	17
Plain cookery	12	11

St. Thomas' School for girls arranges annually for needle-work and dress-making to be examined by the City and Guilds Institute, London, and other schools in Calcutta are adopting the same examinations.

Special arrangements are made for the training of girl probationers in sick-nursing in the school hospital at Loreto Convent, Entally, and St. Andrew's Colonial Homes, Kalimpong. At the latter school selected girls also receive training as children's nurses.

8. **Examinations.**—The following table shows the comparative results of the various examinations for which pupils entered in 1929-30 and 1930-31 :—

	1929-30				1930-31

A proposal to levy a fee on the examinees of the Higher Grade Schools' Final and Scholarship Examinations and the Dow Hill Training College Examinations, on the analogy of the University Examinations is under the consideration of Government.

9. **Education of sub-normal children.**—The Childrens' House, Kurseong, which has continued to train mentally and physically defective European children by special methods, had 24 pupils on the rolls on 31st March 1931 as compared with 20 on the corresponding date of the preceding year The institution received, as previously, a monthly grant of Rs 150.

10. **Sussex Trust.**—The income derived from the Sussex Trust Fund was expended during the year 1930-31 on the objects noted below :—

	Rs	a.	p.
(i) Scholarships	11,095	12	0
(ii) Maintenance charges of schools for backward Indian communities	2,218	4	9
(iii) Construction of buildings for primary schools for Indian boys	27,500	0	0
Total ..	40,814	0	9

Altogether 21 European and Anglo-Indian students were awarded scholarships from this Trust.

11. **Doveton Trust Fund.**—The total receipts of the Fund during the year 1930-31 (including the closing balance of the previous year and also the interest accruing on the securities up to the half-year ending the 31st October 1930) amounted to Rs. 12,256-10-6, and the total expenditure during the same period was Rs. 6,779-12-6, leaving a closing balance of Rs. 5,476-14. Sixteen scholarships at rates varying from Rs. 10 to Rs. 40 a month were renewed and ten scholarships at rates varying from Rs. 10 to Rs. 35 a month were awarded.

12. **Milner Memorial Scholarships.**—It has been decided to hold an examination in this Presidency under the auspices of the Director of Public Instruction (the local Educational Authority) for the selection of candidates with a view to the award of the Milner Memorial Scholarships, which are tenable at the King's School, Canterbury, England.

13. **Controlling Agency.**—Mr. W. F. Papworth was in charge of the duties of the Inspector of European Schools, Bengal, throughout the whole of the period under review.

14. **Fixed grants.**—A set of rules laying down the conditions which should regulate the distribution of the "Fixed grants" (called "Free boarding grants" in the old Code of Regulations for European schools) was approved by Government during the year under review. The grants for the year 1930-31 were distributed in accordance with these rules.

CHAPTER X.

Education of Muhammadans.

Statistics of Muhammadan pupils in relation particularly to those of the Hindu community.—During the year under review the number of Moslem pupils enrolled in all grades of educational institutions for Indians rose from 1,344,945 to 1,391,462 of whom 1,103,746 were males and 2,87,716 were females as compared with 1,046,861 Hindu boys and 231,169 Hindu girls returned on the 31st March 1931. The proportion of Muhammadan pupils to the total number of students under instruction on the 31st March 1931 was 51·5 per cent. as compared with 50·2 per cent. in the preceding year. In arts and professional colleges the proportion of Moslems to the total number of students on the rolls on 31st March 1931 was 13·7 and 17·9 per cent. against 12·8 and 16·8 per cent., respectively, on the corresponding date of the previous year. The fall in the number of Muhammadan students in arts colleges is to be attributed mainly to the prevailing economic distress in the country, which has affected more particularly the Moslem community. In the high and middle stages of instruction the proportion of Moslems was 18·1 and 24·6 per cent., respectively, of the pupils of all communities as compared with 16·6 and 22·2 per cent. in the preceding year. In the primary stage the proportion rose from 52·5 to 53·8 per cent. and in the special schools it fell from 73·0 to 72·2 per cent. These percentages (increases for the most part) do not present

a true picture of the advance made in education by the Moslem community, for in the higher stages there was an absolute fall in numbers. The following table gives comparative figures for two years 1929-1930 and 1930-1931 :—

	1929-30			1930-31.		
	Number of Muhammadan students.	Total number of students	Percentage	Number of Muhammadan students.	Total number of students	Percentage.
Arts colleges	2,971	23,180	12 8	2,763	20,024	13 7
Professional colleges	919	5,435	16 8	919	5,117	17 9
High stage	20,118	120,889	16 6	21,757	119,903	18 1
Middle stage	26,296	118,382	22·2	29,597	120,024	24 6
Primary stage	1,166,763	2,218,595	52 5	1,210,243	2,246,063	53 8
Special schools	98,827	135,267	73 0	92,425	127,831	72 2

It is to be noticed that there is a decrease in the number of Moslem students in arts colleges and special schools, but a very satisfactory increase in institutions of other status.

During the latter part of the year under review a Committee known as the Muslim Education Advisory Committee was appointed to advise Government with regard to the policy to be pursued for the advancement of Muslim education in the Province. The Committee has issued a comprehensive questionnaire to the leading Moslems of the Province and the results of its deliberations are awaited with great interest.

2. **Special institutions for Muhammadans.**—Facilities for the higher education of Moslem boys are offered by the Muslim Hall of Dacca University, and the Islamia College, Calcutta, an account of which has been given in Chapter III of this report. Other special institutions which are chiefly intended for Moslem students are classified below :—

(i) *Islamic Intermediate colleges.*—During the year under review the number of Islamic Intermediate colleges remained unchanged at 3, 2 of which are maintained by Government and 1 aided. The total number of pupils reading in the three colleges on 31st March 1931 was 162 against 143 on the same date of the previous year. Of the 80 students who appeared at the Islamic Intermediate Examination of 1931, 51 came out successful.

(ii) *Madrasahs.*—On the 31st March 1931 the Presidency had altogether 743 madrasahs with 69,824 pupils in them. The corresponding figures for the previous year were 763 and 74,052, respectively. The decrease in the number of madrasahs during the year under review was due to the abolition of certain old-type madrasahs in the Dacca and Rajshahi Divisions. Of the total number of madrasahs existing in 1930-31, 686 were of the reformed type, the rest being old-type. The total expenditure incurred for the upkeep of madrasahs (including the Islamic intermediate classes) amounted in the year under report to Rs. 14,91,685, of which Rs. 4,99,047 was met from public funds; the corresponding figures for the previous year were Rs. 14,61,233 and Rs. 4,92,606, respectively.

(*a*) *Reformed-type madrasahs.*—The number of high madrasahs in the Province recognised by the Board of Intermediate and Secondary Education, Dacca, was 23 during the year under report as against 21 in the previous year. Of the 423 students who sat for the Islamic Matriculation Examination in 1930-31, 233 or 55·1 per cent. passed as compared with 403 and 216 or 54·1 per cent. in the previous year. The Hooghly Madrasah continues to occupy a portion of the same building as the Hooghly College. The position is very unsatisfactory as many of the rooms used for the madrasah classes are dark, unhealthy and far too exposed to inclement weather. Its removal to a better site in the near future is essential. The Rajshahi Madrasah, which was raised to the status of a senior madrasah towards the close of the year 1929-30, received recognition of the Board of Intermediate and Secondary Education, Dacca, during the year as a full-fledged high madrasah under the Board. Junior madrasahs (which might be described as Islamic middle schools) have always been under the disadvantage of having to work through a course of study which is rather heavier than that followed in the parallel institutions, middle English schools. At the Junior Madrasah Examination of 1930 out of 2,724 candidates who presented themselves 1,653 were successful. It is interesting to note that two girls from the Shutiakati Junior Madrasah in Bakarganj topped the list of successful candidates at this examination.

(*b*) *Old-type madrasahs.*—Calcutta Madrasah, the chief of the old-type madrasahs in the Province, has provision for teaching advanced Islamic courses. During the year under review 961 students appeared at the Central Madrasah Examination conducted by Calcutta Madrasah, and of these 535 were declared to have passed. The Muslem Institute attached to Calcutta Madrasah which aims at promoting the mental and physical culture of the younger members of the community performed its function with remarkable success. The new building, the foundation stone of which was laid during the year by His Excellency the Governor of Bengal is still under construction. It is expected that the new building when completed will enable the Moslem Institute to extend its activities to keep pace with the eager demand of young Moslems for intellectual and social activities. In the "Alim" examination 73 passed out of 110 sent up; in the "Fazil" examination 78 out of 93 and in the Title Examination 16 out of 22 passed.

(*iii*) *Maktabs.*—During the year under review the total number of maktabs or primary schools for Moslems was 24,733 against 24,391 in the previous year. Of the total number of maktabs 15,663 were for boys and 9,070 for girls. The number of pupils enrolled in maktabs increased during the year under review from 769,411 to 806,075, of whom 578,617 were boys and 227,458 were girls against 553,146 and 216,265, respectively, in the preceding year. The steady increase in the number of maktabs and of the pupils attending them in spite of the widespread economic distress in the Province is a clear indication of their popularity. The total direct expenditure incurred for the upkeep of maktabs fell from Rs. 22,74,024 in 1929-30 to Rs. 20,96,841 in 1930-31, of which Rs. 10,00,985 (against Rs. 10,64,294) was met from public funds.

(*iv*) *Quran schools.*—These schools teach the recitation of the Holy Quran and a book or two on the rituals of Islam through the medium of Urdu. On the 31st March 1931 there were 579 Quran schools in the Presidency as compared with 622 returned in the previous year.

(v) *Muallim-training schools.*—These schools have been set up with the object of training maktab teachers. The number of schools remained unchanged at 6 during the year under report. They had 166 teachers under training in the year under report against 164 in 1929-30.

3. **Education of Muhammadan girls.**—On the 31st March 1931 the number of Muhammadan girls under instruction in recognised institutions was 281,572 against 267,924 in the previous year. Of these 5 were in arts and professional colleges, 60 were in the high stage, 164 were in the middle stage, 280,856 were in the primary stage, and 487 read in special schools. The corresponding figures for the previous year were 2, 58, 131, 267, 373, and 360, respectively. From the above figures it is evident that educational progress among Muslim girls is almost entirely confined to the primary stage of instruction.

4. **Special facilities for Muhammadans.**—During the year under report Moslem students were offered the same facilities in education as were enjoyed by them in previous years, viz., reservation of places in Government and aided schools, the grant of special scholarships and stipends and free-studentships to the extent of 15 per cent. of their own enrolment. There is, however, a very widespread feeling among Moslems that these facilities are by no means sufficient to guarantee that a Moslem boy of merit will be able to pursue his studies unhampered by financial anxieties.

CHAPTER XI.

Education of Special classes.

1. **Chiefs and Nobles.**—In Bengal, there is no school specially set apart for the education of the sons of Chiefs and Nobles, but in the Nawab Bahadur's Institution at Murshidabad there are special arrangements for teaching the boys of the Nizamat family. There boys reside in a separate hostel under the supervision of the Head Master who is assisted by an Ataliq. The number of Nizamat boys under instruction on 31st March 1931 was the same as in the previous year, viz., 26. The upkeep of the hostel cost Government Rs. 6,053 during the year.

2. **Education of the children of backward classes.**—The number of boys and girls belonging to backward communities under instruction in the various types of schools and colleges in Bengal on 31st March 1931 (as indicated below) will give some idea of what progress has been achieved by them in education:—

Class of Institution.	Boys.	Girls.	Total.
In arts colleges	711	..	711
In professional colleges	621	..	621
In secondary and primary schools ..	352,717	61,160	413,877
In special schools	10,251	145	10,396
In unrecognised schools	6,952	1,129	8,081
Total ..	371,252	62,434	433,686

The corresponding figures on the same date of 1930 were 362,846, 55,923 and 418,769, respectively. The succeeding paragraphs give a brief account of the educational progress that was noticeable among the children of aboriginal and non-aboriginal backward classes during the year under review in each Division of the Presidency separately.

Calcutta.—The number of primary schools conducted by Missionary societies in Calcutta for the education of backward classes increased from 12 to 14 of which 9 were for boys with 286 pupils and 5 for girls with 311 pupils in them. The corresponding figures for the previous year were 7 and 5 with 220 and 322 pupils, respectively. Almost all of these schools received subsidies from Government and the Corporation of Calcutta. The number of primary schools managed by the Hindu Relief Society remained unchanged at 16 with an enrolment of 813 pupils including 40 girls. These schools cost Rs. 8,085 including Rs. 2,230 contributed by the Corporation of Calcutta. The Society managed, in addition to these schools, two industrial schools—one for boys and the other for girls. Of the total number of pupils (106) in these two schools on 31st March 1931, 76 were boys and 30 were girls against 48 boys and 37 girls in them in the previous year. The total expenditure on these two schools amounted during the year under report to Rs. 6,050 of which Rs. 1,100 was paid by the Corporation of Calcutta. The total number of pupils of backward classes reading in all types of recognised and unrecognised institutions in the City on 31st March 1931 was 10,880 against 9,789 in the preceding year.

Presidency Division (outside Calcutta).—Of the total number of pupils of backward communities that were under instruction on 31st March 1931 in various grades of institutions in the Division 85,679 were boys and 14,038 were girls; the corresponding figures for the previous year being 86,305 and 12,708, respectively. Thus while there was a fall of 626 boys last year the number of girls increased by 1,330. This increase in the number of girls in spite of the prevailing economic distress indicates that much interest is being evinced in female education by the members of backward communities. Of the 569 schools specially intended for backward classes in the Division, 4 were high, 30 were middle and the rest were primary; three of the primary schools were maintained as before by the Sussex Trust Fund. During the year under review, 9 special middle and 16 special primary final scholarships were awarded to the children of educationally backward classes.

Burdwan Division.—With the exception of the Mahishyas of Midnapore who do not desire any longer to be included in the category the Sonthals of Midnapore, Birbhum and Bankura are the most numerous among educationally backward classes in the Division. During the year the number of pupils belonging to such communities increased from 130,020 to 142,837. This increase is, however, confined to the lowest stage only, there being an actual fall in the numbers in the high stage. The chief agencies responsible for educational work in these communities are the Society for the Improvement of Backward classes, the American Baptist Mission of Midnapore and the Wesleyan Mission of Bankura. During the year under review there were altogether 246 schools (with 8,074 pupils) intended exclusively for the education of Sonthals. Of these schools 1 was high, 2 were middle vernacular, 238 primary, 2 guru-training and 3 industrial. The total expenditure on Sonthal education in the districts of Midnapore, Birbhum and Bankura amounted during the year under report to Rs. 56,057, of

which Rs. 37,988 came from Provincial revenues. There were also 4 Bhumij schools in Bankura (with 105 pupils) and 8 sweepers' schools (with 462 pupils) in Howrah and 1 (with 37 pupils) in Birbhum. During the year under review the post of Assistant Sub-Inspector of Schools for Sonthal education in Birbhum was abolished while one Sonthal B. T has been posted to Bankura as a Sub-Inspector of Schools and entrusted specially with the duty of promoting Sonthal education.

Dacca Division.—The number of pupils belonging to educationally backward classes enrolled on 31st March 1931, in all classes of institutions in the Division was 93,314 (against 93,343 in 1929-30) of whom 76,954 were boys and 16,360 were girls. The figures show a slight fall of 29 pupils. Of these pupils, the majority belonged to the Namasudra community. During the year under review there were 7 primary schools for muchis, 3 for methars, 11 for Maghs, 20 for fishermen, 48 for aboriginal tribes and 1,067 meant exclusively for Namasudra children. The number of high and middle English schools intended chiefly for Namasudra and Kapali boys were 9 and 33, respectively in 1930-31 as compared with 9 high and 27 middle English schools in the preceding year.

Chittagong Division.—The number of pupils belonging to non-aboriginal educationally backward classes returned on 31st March 1931 from all grades of schools in the Division was 29,219—24,100 boys and 5,119 girls—against 22,634 boys and 5,180 girls in the preceding year. During the year under review there were 162 recognised schools in the Chittagong Hill Tracts for the children of hill tribes of which one was a Government high school at Rangamati, 3 aided middle English schools, one aided middle vernacular school, 156 primary schools and one guru-training school. The total number of pupils in these schools on 31st March 1931 was 3,587. In Tippera, there were two primary schools for Tipras of the Lalmai Hills with 35 pupils. The Cox's Bazar High School, the middle English school at Ramu and the 7 primary schools in the Cox's Bazar subdivision had altogether 445 Magh pupils. There were also 53 *kyaungs* or monastic schools in the subdivision with 1,578 pupils.

Rajshahi Division.—The total number of pupils of the educationally backward communities studying in the various grades of schools on 31st March 1931 in the Division was 55,639 of whom 49,040 were boys and 6,599 were girls against 50,334 boys and 5,499 girls in the previous year. The number of boys thus decreased by 1,294, while that of girls increased by 1,100.

The Boards of Sonthal education in the districts of Dinajpur and Malda had 40 and 31 Sonthal schools under their control with 1,842 pupils in them. The Board for the education of the children of aboriginal tribes in Rangpur managed 11 schools with 223 pupils in them, while the number of schools for Sonthals in the district of Jalpaiguri remained constant at 11 (with 323 pupils). In addition to these schools for Sonthals and aboriginal tribes in this Division there were 19 primary schools in the district of Dinajpur chiefly meant for the education of aboriginal children and two middle English schools—one at Narayanpur with 111 pupils and the other at Dinajpur town with 68 pupils. In the district of Jalpaiguri there were also 16 primary schools chiefly meant for the education of hill tribes and aboriginal children with 334 pupils on the rolls. There was also a night school for the education of the prisoners of Jalpaiguri

Jail with 11 pupils on its rolls on 31st March 1931. Of the total expenditure incurred for Sonthal education in this Division in the year under report, Rs. 7,234 was met from Provincial revenues and Rs. 4,397 from district funds.

3. **Education of criminal classes.**—The Salvation Army maintained as before a school at Nilphamari in the district of Rangpur for the education of the children of the Karwal Nuts—a criminal tribe: in this school instruction is imparted in farming, gardening and weaving as well as in the ordinary subjects of the primary curriculum. The school had on its rolls 35 boys and 34 girls on the 31st March 1931. The Reformatory and Industrial Schools at Alipore had 249 students on 31st March 1931 against 235 on the corresponding date of the previous year. The upkeep of this Institution cost Government Rs. 47,092, the corresponding amount for the previous year being Rs. 39,898. During the year under review sanction of Government was accorded to the special curricula of studies for the primary and post-primary classes of the Reformatory and Industrial Schools, Alipore, prepared on the lines of the curricula of studies for ordinary schools. Last year Government also approved of the rules prescribing the powers and duties of the Managers of the Reformatory and Industrial Schools, Alipore. On the expiry of the term of the Committee for the control and management of the Reformatory and Industrial Schools, Alipore, a new Committee was constituted during the year under review for a period of three years with effect from 1st June 1930.

On 31st March 1931 the enrolment of the Borstal Institution at Bankura, which is directly managed by the Jail Department, was 373 (against 288) and the upkeep of the school cost Government Rs. 54,016 against Rs. 50,479 in the year before.

4. **Education of defectives.**—Twenty-four European children suffering from mental or physical defects were under training in the Children's House, Kurseong, on 31st March 1931. The Blind School at Behala (district 24-Parganas) had 80 pupils, and out of the total expenditure of Rs. 38,495 incurred for the upkeep of the institution Rs. 7,620 came from Provincial revenues. The Deaf and Dumb School, Calcutta, teaches up to the Final Primary course in addition to painting, tailoring and printing. The number of pupils receiving instruction in the school was 176 (against 166) including 37 girls on 31st March 1931. As in the previous year there were 3 deaf and dumb schools in the Dacca Division with 43 pupils in them (including 7 girls) on 31st March 1931. The Chittagong Deaf and Dumb School had 18 pupils and cost Government Rs. 899 out of the total expenditure of Rs. 1,808 incurred for its maintenance.

5. **Education of factory and colliery children.**—In the district of Burdwan the number of colliery schools decreased from 8 to 7 and that of pupils from 286 to 201 during the year. The total cost of maintaining these schools amounted to Rs. 1,379 of which Government contributed Rs. 1,084. In the district of Hooghly there were 27 primary schools with 1,297 pupils, all children of mill workers. During the year under report there were 6 primary schools in the district of 24-Parganas exclusively intended for the education of factory children. These schools had altogether 432 boys and 24 girls in them. Two of these schools were managed by the authorities of the Rifle and Metal and Steel Factories at Ichapur and one by the mill authorities at Titagarh

for the education of the children of their mill-hands. The total expenditure incurred for the maintenance of these schools was Rs. 7,729 of which Rs. 4,128 came from Provincial revenues. Besides, there were 2 middle English and 2 upper primary schools at Titagarh and Kankinara which were mostly attended by the children of mill employees. There is a Telegu class attached to the Titagarh School for the children of Madrassi labourers.

6. **Tea-garden schools.**—The districts of Jalpaiguri and Darjeeling reported altogether 165 (against 160 returned in the previous year) tea-garden schools with 2,703 pupils on 31st March 1931. In the Darjeeling district the schools are for the most part managed by Mission authorities, and this is alleged as one of the reasons why the planters of the district do not take the interest in their welfare which they should. It has been suggested by the District Inspector of Schools, Darjeeling, that the management of these tea-garden schools should be transferred to the planters themselves. The total cost of these schools amounted in the year under report to Rs. 22,490 of which Rs. 8,167 came from Provincial revenues.

7. **Education of Jains.**—Altogether 681 Jain pupils were returned on 31st March 1931 from the various grades of schools in the Presidency as compared with 817 reported on the same date of the preceding year.

8. **Cantonment schools.**—There were altogether 9 schools—8 (1 high English, 1 middle English and 6 primary schools) in Barrackpore and 1 primary school in Lebong Cantonment—on the 31st March 1931 with a total enrolment of 666 pupils. The 8 schools in the Cantonment areas of Barrackpore cost during the year under report Rs. 22,069 of which Rs. 6,379 was met from Provincial revenues. The total cost of the primary school in the Lebong Cantonment was Rs. 1,042, the whole of which was paid by the Cantonment authorities.

9. The question of providing an increased number of free studentships for the children of backward classes is under the consideration of Government. Scholarships in all Divisions are reserved for the children of educationally backward classes.

CHAPTER XII.

Unrecognised institutions.

The year showed a considerable increase in the number of "unrecognised" institutions which rose from 1,521 to 1,633 and of the pupils reading in them, which rose from 54,754 to 62,096.

This is hardly unexpected when it is remembered that during the year in many quarters determined efforts were made to draw students away from schools and colleges.

2. It must not, however, be thought that all these unrecognised institutions are in the same category. They comprise also those midway between two stages of development and therefore classifiable in neither, and also a number of institutions which, while deliberately holding

aloof from the educational system of the province, are doing admirable work on their own lines. The most noteworthy of these are the group of institutions founded by Dr. Rabindranath Tagore at Bolpur and Surul which have attained international fame: others which may be mentioned are Kabindra College, Goila, and the Mahakali Pathsala for girls at Mymensingh.

CHAPTER XIII.

Residence of students and their physical and moral training.

Hostels.—On the 31st March 1931 the hostels and boarding houses attached to the various grades of schools and colleges in the Presidency were occupied by 31,121 boarders as compared with 34,092 occupants in the previous year. Of the total number of boarders 25,585 resided in hostels for Indians, and 5,536 lived in boarding houses intended for Europeans and Anglo-Indians. Of the inmates of Indian hostels 22,328 were males and 3,257 were females. Of the European and Anglo-Indian boarders 3,314 were boys and 2,222 were girls.

The authorities of the Wesleyan College, Bankura, added during the year under report a new block to their Ronaldshay Hostel, which has accommodation for more than 60 boarders. Rooms for accommodating 30 additional boarders have been also under construction in connection with the hostel attached to Nara Sinha Dutta College, Howrah.

2. **Messes.**—Messes have continued to play an important part in connection with the accommodation of students in larger towns; they are preferred to hostels, as residence in the latter is more expensive and subject to stricter supervision. The messes (48 including non-collegiate hostels) under the control of the University of Calcutta were managed, as previously, by the Students' Residence Committee through the Inspector of Messes, and those in the city of Dacca (23 including non-collegiate hostels) were administered by the Board of Intermediate and Secondary Education with the assistance of the Standing Advisory Committee and an Assistant Inspector of Students' Residence. In both Calcutta and Dacca Government bore a large portion of the expenditure incurred for the upkeep of the messes. The number of students occupying the messes in both places declined heavily as the appended table will show:—

Year.	Calcutta.	Dacca.
1929-30	3,400	681
1930-31	2,366	560

3. **Physical education.**—The general body of students, guardians, and managers of schools and colleges have shown considerable indifference in the past in the matter of physical education, which is essential to healthy growth. The reports received by this Department, however, indicate that there has been a general awakening to the importance of this subject. The medical examination of the students of individual schools and colleges, which in many places is being conducted in a systematic manner, has also strengthened the conviction that neglect

of physical culture is ruinous to health. The chief obstacles to progress are insufficient playing grounds, absence of trained teachers and adequate apparatus, lack of funds and of provision for a midday meal. The training class for Indian women teachers was conducted regularly in the year under review by Miss Pepler, Physical Directress to the Young Women's Christian Association. Government gave the Young Women's Christian Association as usual a grant of Rs. 275 a month towards the cost of maintaining this post. In the inter-school Drill Competition, held under the auspices of the Young Women's Christian Association, the senior cup was won by St. Margarets and the junior cup by the Baptist Zenana Mission School. Administrative approval of Government was accorded in September 1930 to the establishment of a centre at Calcutta for training physical instructors at an annual cost of Rs. 15,012; the scheme awaits provision of funds.

A sum of Rs. 25,000 was available during the year under review for the improvement of physical education in schools, and was allotted for the purposes noted below; the allotment could not be spent fully, chiefly because in many instances the school authorities were not ready with their schemes:—

	Allotment.	Expenditure.	Number of schools aided.
	Rs	Rs.	
For health and game grants to—			
(*a*) High schools	18,500	12,188	228
(*b*) Middle schools	3,100	1,715	88
(*c*) Senior madrasahs	800	616	12
(*d*) Junior madrasahs	600	535	33
(*e*) For defraying the expenses of Boy Scout organisations, when visiting primary schools	2,000	235	..

As reported previously western games like football, tennis, badminton, etc., continued to be played in towns, while indigenous games like kapati, hadodo, were preferred in rural areas. Swimming and rowing were also encouraged, where provision could be made for them. It is gratifying to note that the District Boards of 24-Parganas and Khulna spent Rs. 222 and Rs. 210, respectively, in the year under review for encouragement of indigenous games and for purchase of apparatus.

4. **Boy Scouts.**—During the Scout year 1930, 16 new packs and 29 new troops comprising 272 cubs, 590 scouts and 54 scouters were registered. This brought in a new batch of 916 boys into the movement. During the year under review there were altogether 54 local Associations, 366 Troop Officers, 100 Pack Officers, 5,799 Scouts, 1,664 Cubs, 265 Rovers, and 144 local Association Officers making a total of 8,338 men. During the year 1930-31 a grant of Rs. 3,900 (Rs. 2,000 for non-Government schools, Rs. 1,750 for Government schools and madrasahs in the transferred area, and Rs. 150 for a Government high English school in the district of Darjeeling) was distributed for the purchase of scout outfit, flags, literature, charts, etc., required in connection with the establishment and development of scout movement in them. The grant of Rs. 6,000 payable to the Calcutta Branch of the Baden

Powell Boy Scout Association was also renewed in 1930-31. Systematic attempts were made last year to introduce scout laws and scout games into primary schools.

5. **Girl Guides.**—The Girl Guide movement has not been progressing satisfactorily, although it is reported to have been introduced in most of the important high schools for girls. The Girl Guide Company at Dr. Khastagir's High School at Chittagong is however said to be thriving well.

6. **Medical supervision.**—The scheme for the medical examination of the pupils of Government high English schools and senior madrasahs outside Calcutta had to be held in abeyance on account of financial stringency, although it has received administrative approval of Government. The Medical Board attached to the Students' Welfare Committee of Calcutta University visited 8 colleges and 2 high English schools in the city during the year, and examined 2,461 (1,593 in colleges and 868 in schools) students. About 800 defect cards were issued from the office of the Committee to students with a view to remedial measures being taken. Arrangements were also made to follow up students suffering from grave defects, and the After-Care Officer kept about 100 students under observation. Nearly 200 recommendations were made to local optical firms for supplying spectacles to deserving students at concession rates.

7. **Hygiene.**—Formal lessons in Hygiene continued to be given in schools as previously, but in practice they are of little use, unless the general principles inculcated by them are applied by students to their daily life. Lectures on hygiene and sanitation illustrated by lantern slides were delivered, as previously at the more important centres by Sanitary Inspectors employed under local bodies and officers of the Bengal Social Service League. These lectures are reported to have been highly interesting and instructive. Five girls' schools having a hygiene teacher on their staff were given a special grant of Rs. 15 a month each.

8. **Discipline.**—The year under review has been remarkable for unrest among students; picketing, persuasion, and agitation designed to induce college students and school boys to absent themselves from their classes, particularly after the summer vacation of 1930, became almost general. However, no Government school or college and very few aided institutions had to be closed in consequence of the agitation. Attendance at the Presidency College was seriously affected for about one week only and it is estimated that about 460 students of Government colleges and 1,900 students of aided colleges absented themselves, and lost one month's study. About 650 girls of Government and aided high schools for girls similarly went without teaching for one month. Nine hundred boys of Government high schools and 9,800 boys of aided high schools absented themselves for 3 weeks to a month. Attendances have since become normal but roll strength is definitely lower than that of the preceding year. The respect for authority and cheerful spirit of obedience, which characterised students in by-gone days have given way to impatience of discipline and disregard of academic authority. It is lamentable that the old confidence and trust between teacher and taught should have been so impaired during the year under review at the instance of political agitators and irresponsible and unthinking disturbers of civil order.

9. **Religious and moral instruction.**—Religious teaching continued to be imparted, as before, in denominational or sectarian schools such as maktabs, madrasahs, tols, and mission schools. As educational institutions are attended by pupils of different creeds it is difficult for the managers to draw up a scheme which will suit the requirements of all communities. Moreover, the actual performance of particular religious ceremonies is hardly desirable in a school composed of pupils professing different religions, although it seems quite probable that some sort of a common introductory prayer or suitable hymns may be used in which every pupil can join.

10. **National schools.**—During the calendar year 1930 the Presidency had 22 national schools with 1,362 pupils as compared with 21 institutions having 1,931 pupils in them in the preceding year. Thus the number of pupils fell by 569, although that of schools rose by 1. As reported previously no national school in the Province strictly follows departmental standards. They usually impart general education combined with a certain amount of vocational training such as spinning, weaving and tailoring.

CHAPTER XIV.

Conferences and Committees.

The Government of Bengal during the year appointed under the Presidentship of Khan Bahadur Maulvi Muhammad Abdul Mumin a Committee of 4 official and 11 non-official members to advise Government as to what policy should be pursued for advancing Moslem education in Bengal. The Committee held its first sittings at Writers' Buildings on 18th and 19th March 1931, framed a questionnaire and circulated it for suggestions and remarks.

2. The recommendations made by the Music Education Committee for the introduction of the teaching of music in secondary schools and for the establishment of training centres for music teachers, which were submitted to Government in the previous year, have been held in abeyance on account of the bad financial condition of the country.

3. Conferences of the superior inspecting officers were held at the headquarters of the Burdwan and Dacca Divisions in which among other things the following subjects were discussed:—

(*i*) Simplification and unification of the primary and maktab curricula.

(*ii*) Shortening of school hours and utility of the double-shift system in primary schools.

(*iii*) Rural bias in primary schools, etc.

As a result of the deliberations certain measures of reform likely to add to the efficiency of officers and institutions were decided upon and partially given effect to. The District Inspecting staff met at some centres and discussed questions of local interest. Conferences of inspecting officers were also held in some districts to explain the

merits and requirements of the Primary Education Act with much profit to the cause of primary education. Conferences of the teachers of girls' schools were held during the year under report at Comilla, Noakhali and Chittagong, which were very well attended. A conference of Inspectresses of Schools was held at Dacca in August 1930. The conference of Assistant Inspectresses and Head Mistresses of West Bengal was held in April 1930 when important official and educational matters were discussed.

4. The Bengal Women's Education League held its fifth session in the Young Women's Christian Association Hall, Calcutta, from 18th to 20th February 1931. The programme was grouped round two main themes—"Educational Ideals for the modern Indian Girls" and "Self-Government in Schools." The resolutions passed at the conference indicate the growing belief that girls' education is of the utmost importance to the country, and that the danger of its becoming stereotyped and unrelated to the present-day conditions must be avoided. Experimentation, liberty to adventure on broad lines, creative activity, those are to be welcomed rather than the attempt to fit all schools into the same mould.

5. The All-Bengal non-Government School Teachers' Conference held its eleventh session at Narail in April 1931 under the Presidentship of Mr. Pramathanath Banerjee, M.A., P.R.S., Bar-at-Law, and passed a number of resolutions chiefly affecting secondary education and the provisions of the School Code.

CHAPTER XV.

Text-Book Committee.

During the year under review, the Provincial Text-Book Committee were engaged mainly in considering text-books written in accordance with the revised syllabuses of studies for secondary schools which came into operation from 1st January 1931. Authors and publishers were asked to submit text-books for secondary schools before 31st March 1930, but at their special request the time for submission of the books was extended up to the 30th April 1930.

2. In view of the very large number of books for secondary schools received for consideration by the Committee, the number of co-opted members had to be increased: 48 co-opted members in addition to the 34 regular members had to be employed to review the books. A group of three members (regular and co-opted) was the unit employed to examine books. Three thousand one hundred and fifty-five books were received by the Secretary, Text-Book Committee, for consideration as text-books for secondary schools. Out of these books 2,156 were circulated to the different groups of members for expression of opinion, and the rest were rejected being found *prima-facie* unsuitable on preliminary examination. Their views were placed before the different sub-committees for discussion at their meetings held from the 11th August 1930 to the 16th August 1930. The proceedings of these meetings were placed before the meetings of the General Committee which were held on 11th and 12th September 1930 and accepted. There

was a general feeling, however, that owing to the very diverse standards employed by examiners, certain books of undoubted merit might have been overlooked. Measures were therefore taken to have re-examined certain books on a few subjects. The final approved list contained 911 books for use in secondary schools and was duly published for the information of the public in the Gazette.

3. It was decided by Government that under the revised syllabuses of studies for secondary schools, middle vernacular schools should teach "Document writing" and "Mahajani Accounts" instead of English. Accordingly authors and publishers were invited to submit text-books on these subjects to the Text-Book Committee by the 31st March 1931.

With a view to prepare a new list of prize and library books under the Text-Book Committee rules, a notification was also issued by the Department calling for suitable books by the 15th January 1931 for consideration by the Committee.

4. The award of the Brojo Mohan Dutta Prize for Indian ladies for 1929-30 to Sreemati Sovana Dutta was approved by the General Committee of the Provincial Text-Book Committee and the subject for the year 1930-31 selected was "The Place of Women in Indian Society."

CHAPTER XVI.

Education in the Legislative Council.

At the meeting of the Bengal Legislative Council held on the 20th August 1930 the following resolution was moved by Mr. A. K. Fazlul Haq:—"I beg to move that this Council recommends to the Government that it be declared as a settled policy of Government to set apart every year a sum of rupees ten lakhs for the advancement of Muslim education and that a beginning be made by making provision for the amount, and for this purpose, in the forthcoming Budget." The Hon'ble Minister in charge of Education gave an assurance to the Council that a committee would be appointed to advise Government on what the policy should be for advancing Moslem education in Bengal. The motion was then withdrawn by the mover. In pursuance of that assurance Government appointed a committee to which reference has been made in Chapter XIV of this report.

When the Bengal Primary Education Bill, 1929, as reported on by the Second Select Committee was withdrawn by Government by a motion of the Hon'ble Minister before the Legislative Council in March 1930 an undertaking was given that it would be brought up again in the August session in a modified form. In compliance with that undertaking the Hon'ble Minister introduced on 13th August 1930, the Bengal (Rural) Primary Education Bill, 1930, and moved that the Bill be taken into consideration. The greatest interest was evinced in the progress of this measure—one of the most important probably that had ever been placed before the Legislative Council, and it finally passed into an Act on the 26th August 1930. It is unfortunate that the economic condition of the Province precluded the

bringing of the Act into operation, involving as that did the imposition of an Education cess. During the budget discussion in the March session of the Council there was no serious attempt to make cuts of a drastic character in any demand, members being content generally to criticise policy and details of administration by means of token cuts. Questions were asked more than once about text-books for students of secondary schools and public libraries, and in many cases with a view to elicit information regarding a particular institution or class of officers. The following may also be mentioned as illustrative of the type of questions asked: Names of Professors of the Presidency College engaged in private tuition work, holidays for schools and colleges, grants to schools for the depressed classes under the management of the Hindu Relief Society, number of Hindu and Muhammadan students reading in the various classes of schools in Bengal, provision of rent-free quarters to the Head Masters of guru-training schools, causes of the outbreak of strikes in the Government School of Art, Calcutta.

J. M. BOTTOMLEY,

Director of Public Instruction, Bengal (offg.).

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 4th May 1932.

Summary.—Light rain fell in East and in most parts of North Bengal, while elsewhere there was practically no rain. Sowings of jute and paddy are much advanced in East Bengal but elsewhere the operations are not progressing satisfactorily owing to want of rain. State and prospects of standing crops have much improved by the recent rain in East Bengal but are not favourable elsewhere. Distress continues to prevail in parts of Rangpur, Pabna and Mymensingh where 913, 281 and 120 persons, respectively, attended the test relief works. In Mymensingh 65 persons received gratuitous relief. The average price of common rice for the Province has risen by about 0·78 per cent. as compared with that of the previous week.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are (1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits ; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominee predecease them after five years of admission. The second quinquennial valuation of the Fund has been completed by the actuary to the Government of India, and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Bengal, Imperial Secretariat Buildings, Calcutta.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 11th May 1932.

Summary.—During the week the rainfall was heavy in parts of West and East Bengal, elsewhere it was light to moderate. It has benifited the standing crops generally. Sowings of jute and paddy are far advanced in East Bengal, but elsewhere more rain is needed for the progress of the operations especially in North Bengal. Distress continues to prevail in parts of Rangpur, Pabna and Mymensingh where 171, 353 and 329 persons, respectively, attended the test relief works. In Mymensingh 288 persons received gratuitous relief. The average price of common rice for the Province has fallen by about 0·28 per cent. as compared with that of the previous week.

DARJEELING, THE 4TH MAY 1932.

RESOLUTION No. 234 T.—R.

Resolution on the Final Report on relief operations in the district of Nadia.

READ—

Memorandum No. 110 R. G., dated the 11th January 1932, from the Commissioner of the Presidency Division, submitting a final report on relief operations in the district of Nadia during 1931.

2. The report deals with the operations for the relief of distress which prevailed in the district of Nadia during a period of about 4 months from the middle of June 1931 to the middle of October 1931. The distress was confined to thanas Daulatpur, Bheramara and Mirpur of Kushtia subdivision, thana Alamdanga and part of thana Damurhuda in Chuadanga subdivision, and portions of thanas Karimpur, Meherpur, Tehatta and Gangni in Meherpur subdivision. The main cause of the distress was not scarcity of food but scarcity of money owing to world wide trade depression and the low prices of all local agricultural products and the effect of these was aggravated by local causes. Many of the cultivators being pressed for money sold the bulk of their stock of paddy and counting on a good rabi crop did not keep enough paddy to carry them on, but the rabi crop was damaged by bad weather conditions. Then followed a prolonged drought which retarded paddy cultivation and affected the demand for labour. By May 1931, the approach of distress was apparent. Out of the total area of the district, viz., 2,898 square miles an area of 132 square miles in the Alamdanga thana in Chuadanga subdivision was severely affected. The area affected in the Kushtia and Meherpur subdivisions was 443 square miles.

3. The Collector immediately took action and speeded up distribution of agricultural loans. The district board promptly co-operated and started the first test works by the 15th of May. The Commissioner also visited Kushtia subdivision. The distress began to abate with the setting in of the rains by the beginning of July but test works were continued up to the 15th August.

4. The main forms of relief consisted of:—

(*a*) Gratuitous relief.
(*b*) Test relief works.
(*c*) Agricultural and Land Improvement Loans.

Gratuitous relief.—Gratuitous relief was given to old, infirm and indigent persons, mostly women, who depend for their livelihood on the charity of the villagers. When the distress became acute arrangements had to be made to feed these persons. Local Relief Committees were organised and a sum of Rs. 1,958 spent on gratuitous relief out of which Government contributed Rs. 1,000. The total number of persons relieved was 2,902.

Test relief works.—The test relief works consisted mainly of repairs to roads. Roads were selected which passed through the centre of the distressed areas. The whole expenditure on test works amounting to Rs. 6,180 was borne by the District Board. Another work undertaken as part of these operations was excavation of the Nangta canal in Kushtia subdivision which is considered to be very useful to cultivators.

Land Improvement and Agricultural Loans.—A sum of Rs. 35,221 was distributed as agricultural loan in Kushtia subdivision, Rs. 24,000 in Meherpur subdivision and Rs. 16,000 in Chuadanga subdivision. A sum of Rs. 5,000 was also advanced under the Land Improvement Loans Act towards the cost of excavation of four tanks which gave employment to a number of labourers.

5. The Governor in Council is satisfied that the measures taken for relief of distress were successful and adequate. He desires to record his appreciation of the good work done by Mr. T. C. Roy, the Collector, Mr. H. Banerji, I.C.S., Subdivisional Officer of Kushtia, Babu Akshoy Kumar Bose, Subdivisional Officer of Chuadanga, Babu Ram Sevak Bhattacharji, Sub-Deputy Collector in charge of loans distribution in Kushtia subdivision. He also desires to acknowledge the promptitude with which the District Board co-operated with the Collector, the personal interest taken by the Chairman Rai Nagendra Nath Mukherji Bahadur, and the good work done by Babu Bhudeb Chandra Sovakar, the District Engineer.

ORDER.—Ordered that this resolution be published in the *Calcutta Gazette*.

By order of the Governor in Council,

H. C. V. PHILPOT,

Secretary to the Government of Bengal.

W. F. Papworth, Esq. (Inspector of European Schools, Bengal).

II. **Capital and Income.**—The capital of the Institution is Rs. 10,62,000 in 3½ per cent. Stock Certificates, which are held by the Deputy Controller of Currency. The corpus of the fund in the year 1930 was Rs. 10,46,200 and in addition there were temporary investments from savings amounting to Rs. 30,100, consisting of Rs. 13,200 3½ per cent. Stock Certificates, Rs. 11,400 4½ per cent. loan (1955-60), and Rs. 5,500 5 per cent. loan (1939-44). At a meeting of the Governors held on the 20th April 1931, it was thought desirable to consolidate the fund, and accordingly, the Rs. 13,200 Stock Certificates referred to above, was transferred from the temporary investment to the permanent fund; moreover during the year under review an additional Rs. 2,600 (face value) of 3½ per cent. stock was purchased from savings, and added to the permanent investment, making a total of Rs. 10,62,000 as stated above.

The temporary investments from savings stood, at the end of the year, at Rs. 25,500 (as compared with Rs. 42,100 at the end of 1930). The difference of Rs. 16,600 is due to Rs. 13,200 3½ per cent. stock being transferred from the temporary investment to the permanent fund, and to the purchase of an additional Rs. 600 4½ per cent. loan of 1955-60, and to Rs. 8,000 being placed in fixed deposit for three months in the Imperial Bank of India, as compared with a deposit of Rs. 12,000 in 1930. The total interest obtained in 1931 was Rs. 37,995-14-10 (against Rs. 38,014-3 in 1930). In addition there was Rs. 27-4 refund of income-tax, and Rs. 23-12 refund of education and maintenance on account of one ward, making the total income for the year Rs. 38,046-14-10, as compared with Rs. 38,028-13 in 1930.

The amounts received as interest, etc., were kept with the Imperial Bank of India and during the year, the following amount was transferred to fixed deposit, in order to earn extra interest—Rs. 8,000 for three months at 3½ per cent. in the Imperial Bank of India. The year opened with a balance of Rs. 3,063-12-8 *plus* Rs. 12,000 (Rs. 3,000 and Rs. 9,000) in fixed deposit, and closed with a gross balance of Rs. 16,359-3-10. There was thus a nett increase during the year in the working funds of the Trust of Rs. 1,295-7-2.

The number of wards on the 31st December for each of the last five years will be seen from the table given below:

1927	1928	1929	1930	1931
107	109	105	101	93

The following table shows the progress of expenditure during the last five years, as compared with the income:—

	1927	1928	1929	1930	1931
	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.

Expenditure ..	38,099 14 8	38,847 0 2	38,141 4 2	36,293 4 8	34,644 13 8
Closing Balance ..	14,472 6 2	13,583 3 10	13,328 4 4 (+300 0 0 5 per cent. loan.)	15,063 12 8	16,359 3 10 (+2,106 10 0 investment.)
Total ..	52,572 4 10	52,430 4 0	51,769 8 6	51,357 1 4	53,110 11 6

From the above summary it will be seen that the financial position of the fund is sound. As anticipated in last year's report it has been possible to invest during the year under review, Rs. 2,600 in 3½ per cent. stock and Rs. 600 in 4½ per cent. loan of 1955-60. Further investments may be possible at the end of 1932, with a view to increasing the permanent fund to Rs. 10,65,000 as approved by the Governors, in the meeting held on the 20th April 1931.

Six of the abovementioned total of 93 wards left at the end of the year (31st December 1931), so that at the time of writing (8th March 1932) there were actually 87+14 new wards, *i.e.*, 101 wards, on the rolls, as compared with 102 on the 10th March 1931. No wards were removed during the year 1931 for unsatisfactory progress.

III. **Election to Vacancies, etc.**—The annual election of wards was held on Wednesday, the 2nd December 1931. There were actually 16 vacancies, but it was decided to advertise 14 vacancies, and 74 applications were received. These were considered by a sub-committee consisting of (1) the Ven'ble Archdeacon John Grimes, (2) Revd. Father F. Keyeux, S. J., (3) the Revd. D. H. Manley, (4) Mrs. H. Barton and (5) Mr. W. F. Papworth (Convenor), and, on their recommendation, 14 girls were elected. Of the 14 girls elected (against 11 in the previous year) 4 were placed in the Calcutta Girls' High School, 5 in the Loreto Convent, Entally, 1 in the Pratt Memorial School, 1 in the Dow Hill Girls' School, Kurseong, 2 in the Loreto Convent, Asansol, and 1 in St. Paul's School.

2. As favourable medical and school reports were received regarding the 11 girls elected for the year 1931, their admission as wards was confirmed by the Governors.

3. Of the 16 wards withdrawn during the year under report—

Five left at the age of 17.

Ten on the expiry of the extensions granted to them.

One left a few months before the date of expiry of the extension granted, of her own accord.

4. Of the 20 wards who had been withdrawn during the year 1930, 8 were removed on account of unsatisfactory progress. Of the remaining twelve, one took up typewriting as her occupation, and held a temporary post as typist and filing clerk. One girl got married after leaving school. One girl, after passing the Higher Grade School Final Examination, took up a post as a Stenographer for a time on Rs. 70 but on account of reduction of salary she left the appointment and joined an electrical engineering firm on a salary of Rs. 60. One girl after leaving school was sent by her mother to Darjeeling for a change and a further report regarding her whereabouts have not been received. Another girl, who is a total orphan, has been sent to the Dow Hill Training School, and is undergoing a training in Domestic Economy. The sixth is continuing her studies in the Calcutta Girls' School, and intends to become a teacher. Two girls were withdrawn by their mothers, and no reply has been received to enquiries regarding them. One girl after being withdrawn was again re-admitted to the fund as a special case. The present whereabouts of the remaining three cannot be traced.

5. At the close of the year, the 93 wards on the rolls were distributed as follows:—

Loreto Convent, Entally—		
1st boarding	...	23
2nd boarding	...	7
Calcutta Girls' School	...	15
Pratt Memorial School	...	5
St. Thomas School, Kidderpore	...	11
St. Paul's Mission School	...	10
Loreto Convent, Asansol	...	17
St. Mary's Convent, Naini Tal	...	1
Dow Hill School, Kurseong	...	1
Queen's Hill School, Darjeeling	...	1
Bishop Westcott School, Ranchi	...	1
La Martiniere for Girls, Calcutta	...	1
Total	...	93

6. The following table gives particulars as to the class and religion of the wards at the close of the year:—

Class.	Roman Catholic.	Church of England.	Non-Conformist.	Total.
1. Orphans, or deserted by their parents.	10	13	1	33
2. Fatherless or motherless or deserted by their father or mother.	22	17	3	42
3. Those who have both parents alive.	7	10	1	18
Total ..	48	40	5	93

IV. **Education and Maintenance.** The nature of the education generally imparted to the wards continued to be that prescribed for a higher grade school under the Code of Regulations for European Schools in Bengal, but in a few cases the girls read in secondary and primary schools.

2. The Governors are anxious that their wards should become useful citizens when they leave school and have accordingly asked the Visiting Governors to make, in consultation with the school authorities, definite proposals where this seems desirable for training wards who have attained or are about to attain the age of 14, so that the last three years of their school life may be spent to the best advantage and be a preparation for earning a living.

3. At the time of writing (8th March 1932) the results of the public examinations had not been received from all the schools, but the following may be noted:—

One ward passed the St. John's Ambulance Junior Course in First Aid.

One ward passed the Preparatory Division Theory of Music and the Junior Division Pianoforte Playing of Trinity College, both with Honours.

One girl gained Honours in the Preparatory Division of the Royal Drawing Society, and one gained a pass in Division I.

4. Under the rules a ward is not ordinarily allowed to remain on the foundation after the age of 17, when an outfit grant of Rs. 100 is given to enable her to make a start in life. In cases where wards wish to be trained as teachers, and have the support of the school authorities, or when some special training is recommended, or when a ward is preparing for a higher examination, such as the Intermediate Arts or Commercial Course Examinations, and in the event of a ward being well reported on, some extension of the period of benefit is generally allowed. Six wards were granted extensions during the year under report.

5. The average monthly cost for the actual education and maintenance of each ward amounted to Rs. 25 against Rs. 27-10 in the preceding year. If all expenditure in connection with the Trust be included, the figures are Rs. 28-4 and Rs. 29-15-1, respectively.

6. The amounts paid under the different heads of expenditure were as noted below:—

1930.

	Rs	a.	p.
Education and maintenance ..	33,482	8	0
Office establishment ..	1,078	4	0

V. **Inspection.**—Revd. Father F. Keyeux was appointed Visiting Governor for the first half and Mrs. H. Barton for the second half of the year 1931, to visit the schools in Calcutta having Bruce wards. Mrs. Barton remarked: "I have found in all the schools that the wards were well cared for and looked after. The progress of the wards, as reported by the Principals, of the various schools, was satisfactory, and the health of the wards very satisfactory." Mrs. Barton also remarked that 'the schools would like the Governors to consider the question of a grant for games and girl guide costumes." These matters are having the attention of the Governors.

VI. **Meetings.**—Four meetings were held during the year, and among the resolutions passed, the following may be noted:—

(*i*) That all schools in which Bruce wards are being educated, be requested to introduce a satisfactory scheme of physical training.

(*ii*) Mr. Papworth be requested to draw up an estimate of the expenditure required to give all Bruce wards an outing once a term.

(*iii*) Mr. Papworth be requested to draw up a scheme with estimate of Christmas party to be given to Bruce wards.

(*iv*) The Honorary Secretary be instructed to request schools which do not have them at present, to organise Girl Guide Companies and make Bruce wards join them.

(*v*) That the following schools be added to the list of schools recognised by the Bruce Institution to which Bruce wards may be sent in cases of difficulty when other schools are full:—

(1) Old Church Parochial Home.

(2) St. Mary's Convent, Nainital.

(3) Bishop Westcott School, Ranchi.

(4) Wynberg School, Mussoorie.

EDUCATION DEPARTMENT.

NOTIFICATIONS.

No. 222T.Edn.—5th May 1932.—In exercise of the power conferred by clause (*e*) of sub-section (2) of section 48 of the Bengal Children Act, 1922 (Bengal Act II of 1922), the Governor in Council is pleased to make the following rules for licensing the boys of the Reformatory and Industrial Schools at Alipore:—

1. When it appears to the Superintendent that any boy may be licensed under these rules, he shall place before the managers full particulars regarding the past history, character and conduct of the boy together with suggestion for his employment on licence.

2. If the managers are satisfied that there is reasonable probability that a boy will abstain from crime and lead a useful and industrious life, they may, with the consent in writing of the Chief Inspector, grant him a written licence in the form annexed to these rules and subject to the conditions specified in the licence, permitting him to live under the supervision and authority of such

(*a*) officer of Government,
(*b*) secular institution,
(*c*) religious society or
(*d*) responsible person

as may be willing to take charge of him and is in the opinion of the managers suitable and trustworthy. The licensee shall sign an undertaking in the form annexed to these rules.

Provided that—

(1) if in any case the Chief Inspector withholds his consent to the recommendation of the managers, he shall report to Government his reasons for not accepting the recommendation;

(2) no boy shall be compelled by licence to live under the supervision and authority of a religious society professing a religion other than the religion of the boy against his expressed wishes or those of his guardian, if any.

3. While under licence the boy shall be under the supervision of a person to be nominated by the managers. The person so nominated shall submit periodical inspection reports regarding the boy licensed at least once every quarter. His reports shall be forwarded to the Chief Inspector by the managers with their observations, if any.

4. (*1*) The managers shall sit at least once a month to consider cases for licensing boys and their decisions for such licensing shall be forwarded without delay by the Superintendent to the Chief Inspector for his consent together with full particulars regarding each boy.

(*2*) The managers shall make a recommendation to the Chief Inspector as to the authority and supervision under which the boy is to live on licence. On receiving his consent they shall issue necessary orders with the least possible delay. Such orders must in any case reach the Superintendent before the boy can be licensed.

(3) A copy of the licence order, together with full particulars regarding the boy, shall be sent by the Superintendent to the officer of Government, secular institution, religious society or responsible person, as the case may be, under whose supervision and authority the boy is to live on licence.

5. (1) Whenever a licence is revoked, a report shall be submitted to the Chief Inspector. A boy, whose licence has been revoked, may again be considered for licence.

(2) If a boy removes himself from the supervision of the institution, society, or person under which he was by licence permitted to live, his licence shall be deemed to have been revoked from the date on which he has so removed himself. A report regarding the matter shall forthwith be sent to the Chief Inspector and the police.

(3) The licence may be cancelled without notice by the managers if it appears to them that the licensee has failed to observe the conditions mentioned in the undertaking signed by him or if the inspection reports show that for any reason it is in the interests of the boy to return to the Reformatory and Industrial Schools.

6. Any police-officer may, without orders from a Magistrate and without warrant, arrest a boy who has removed himself from the supervision of the institution, society or person under which he was permitted to live by licence under these rules and shall send him, if so arrested, in custody to the Reformatory and Industrial Schools.

7. The Superintendent shall maintain a register of boys licensed out with dates of orders passed by the Chief Inspector, and also with dates of inspection of such boys and dates of receipt of reports from the person whom they have been licensed.

Form of Licence.

(See rule 2.)

Whereas A B is at present detained in the Reformatory and Industrial Schools, Alipore, under a warrant from the Court, dated and whereas the said A B has conducted himself to the satisfaction of the managers and whereas C D being a trustworthy person (an employer of labour) (or in charge of School) is willing to take charge of the said A B and has signed a suitable undertaking to keep the said A B employed at the occupation of a . These presents witness that the said A B is hereby licensed to live under the charge of C D for a term of three months from this date subject to the provisions of the Bengal Children Act, 1922, and the rules thereunder and the conditions herein specified.

Conditions.

(i) This licence shall remain in force for three months only, but it may be renewed from time to time for a similar period at the option of the employer.

(ii) The licence may be cancelled at the desire of the employer.

(iii) The licence is moreover determined by—

(a) the death of the employer;

(b) his cessation from business;

(c) the expiration of the period for which the boy can be detained in the school.

(iv) The licence may be cancelled without notice by the managers, if it appears to them that the employer has failed to observe the term of his undertaking, or that it is in the interests of the boy to return to the Reformatory and Industrial Schools.

(v) A boy who escapes from the charge of his employer may be arrested by any police-officer, without a warrant, and shall be returned to the Reformatory and Industrial Schools. Any such escape shall be reported to the Superintendent immediately.

(vi) A licensed boy who once escapes shall not be again considered for licence until at least three months have expired and until he has earned a good report.

Form of undertaking to be signed by Licensee.

(See rule 2.)

I, of do hereby declare that I am willing to take charge of aged at present detained in the Reformatory and Industrial Schools, Alipore, under a warrant from the Court, dated the .

(i) I have read, I understand, and I will observe the terms of the licence.

(ii) I will do my best for the welfare of the boy; and will make proper provision for his maintenance. I undertake to give him regular (work under supervision at with not less than monthly remuneration) (education) (training as).

(iii) If the boy's conduct, health or work is unsatisfactory, I will at once inform the managers through the Superintendent of the Reformatory and Industrial Schools; and I will return him to the schools on my own initiative or if called upon to do so.

(iv) In the event of the boy's illness, he shall have proper medical attention in the nearest hospital, or to be returned to the Reformatory and Industrial Schools.

(v) The boy will be under the supervision of a person to be nominated by the managers, who shall be allowed to visit him at any reasonable time.

(vi) The boy shall be free to follow the observances of his own religion, and I will report on his progress every month.

Page 167—Appendices and Forms.—*Insert* the following as F. R. Appendix 1C:—

Rules for the custody of padlocks and keys of the Treasury and Sub-Treasury strong-rooms and chests.

(1) A register of all padlocks belonging to the headquarters treasury and sub-treasuries and treasure chests shall be maintained in the following form and kept in the strong-room of the district treasury:—

Date of receipt.	No. borne by padlocks and keys.	No. of duplicate keys received.	Initials of Treasury Officer who receives the padlocks and keys.	Date of removal of any padlock or key.	No. and date of order sanctioning the removal.	Initial of Treasury Officer removing a padlock or key.	Remarks.
1	2	3	4	5	6	7	8

Separate pages shall be assigned to the headquarters treasury and for each sub-treasury or treasure chests. Each sub-treasury shall also keep a list of its own padlocks and keys in the above form.

(2) Every padlock shall have a number impressed upon it or attached to it by a metal or other label, and the same number shall be impressed on or attached to the key belonging to it. No two padlocks in the same district shall bear the same number.

(3) If a padlock becomes unserviceable or ceases to be required, or if the key belonging to it becomes unserviceable or is lost, the circumstances shall be reported to the local Government in the Finance Department, who shall pass orders regarding the disposal of the padlock and key. No padlock of which the key has been lost shall continue to be used. No spare padlocks should be kept at a sub-treasury or except with the permission of the local Government in the Finance Department at a district treasury.

(4) No local machanic shall ever be allowed to repair a treasury padlock or to make a new key for one.

(5) All spare padlocks with their keys which are held in the district treasury with the approval of the local Government in the Finance Department shall be kept in the head-quarters strong-room under double locks, the key of one lock being in the hands of the Treasury Officer, and of the other in the hands of the Treasurer. The duplicate keys of all padlocks (whether spare or in use) should be destroyed in the presence of the District Officer, who is required to give a certificate to this effect in the remarks column of the register.

(6) Whenever the charge of a treasury is transferred, or a Treasurer is changed, all padlocks belonging to the treasury shall be examined and compared with the register, and a certificate shall be signed in the remarks column of the register that they have been found to be correct.

At every inspection of a treasury under article 292, Civil Account Code, the inspecting officer shall report whether he had found the padlocks and all keys correct and deposited in accordance with these rules.

NOTIFICATION No. R. 71.

Senate House, the 9th May 1932.

The following changes in the Regulations of the University of Calcutta which have been sanctioned by the Government of Bengal (Ministry of Education) are published for general information:—

CHAPTER XXV.

1. That in section 10 (under the head "Meetings of Examiners") the words "the Moderators" be inserted between the words "examination" and "and those" in line 1, page 104, and the words "or a Moderator who has moderated a paper" be inserted between the words "paper" and "is" in line 8 of the same page. The section will then read as follows:—

10. As soon as possible after an examination has been held, the persons who have set any question paper in the examination, the Moderators and those who are to examine the answers to that paper or any portion of it and the Head Examiner, if there is one, shall meet to determine the kind or standard of answers to be expected from candidates and to decide upon a system of marking. Their conclusions shall be embodied in the memorandum to be jointly signed by them and forwarded to the Registrar. If, owing to unavoidable circumstances, any Examiner who has set a paper *or a moderator who has moderated a paper* is unable to attend the meeting, the remaining Examiners contemplated by these regulations shall meet and transact the aforesaid business.

2. That in section 11 (under the head "Meetings of Examiners") at page 104 the word "Bachelor" occurring in line 2 be omitted and the words "for the Degree of Bachelor of Commerce" be inserted after the words "Arts and Science" in the same line.

3. That in section 18 (under the head "Miscellaneous") at page 105 the word "Moderators" in line 11 be replaced by the words "Examination Board concerned" and the word "or" in line 13 be replaced by the words "and the B.A. and B.Sc. Examinations, or".

4. That in section 2 (under the head "Arts and Science—Appointment of Examiners") at page 105, the words "In appointing Examiners.....limited by them" be omitted and that the following new paragraph be added to the section:—

"The Examiners shall be appointed by the Syndicate after considering the names proposed by the Board of Studies. In subjects for which there are no Boards of Studies, Examiners shall be appointed directly by the Syndicate."

5. That in section 3 (under the head "Arts and Science—Appointment of Examiners") at page 106, the words "except for the Matriculation, I.A., I.Sc., B.A. and B.Sc. Examinations" be added after the word "University" in line 3 and that at the end of the paragraph the following sentence be added "For the Matriculation, I.A., I.Sc., B.A. and B.Sc. Examinations each paper shall be set by one paper-setter only."

6. That section 4 (under the head "Arts and Science—Appointment of Examiners") at page 106, be replaced by the following:—

"4. The Syndicate *shall whenever it may* consider it desirable appoint Head Examiners *in different subjects* in the case of examinations for which Head Examiners are required. In other cases, as far as practicable, the Members of the Board who set the papers shall be among those who look over the answer-papers."

7. That in section 5 (under the head "Arts and Science—Appointment of Examiners") at page 106 the words "Member of a Board of Examiners", occurring in line 3, be omitted.

8. That section 8 (under the sub-head "*Moderators*") at page 106 be replaced by the following:—

I

B.A. and B.Sc. Examinations.

8. (*i*) Each paper shall be set by one paper-setter.

(*ii*) The Syndicate shall appoint a Moderator in each subject, wherever possible; he shall moderate each question paper in consultation with the paper-setter concerned. It shall be the duty of the Moderator to see that the rules and regulations are strictly complied with.

In special cases the Syndicate may appoint more than one Moderator in a particular subject.

(*iii*) Each paper is to be signed by the paper-setter and the Moderator.

(*iv*) The Moderator shall allot the question-papers among the different paper-setters, subject to final confirmation by the Vice-Chancellor.

(*v*) A Committee shall be appointed by the Syndicate for each major subject. This Committee shall be called the Results Committee for the subject concerned. Its duty shall be to consider the results in the subject and modify them, if necessary; such modifications will always be in accordance with the principles contained in the University Regulations or laid down by the Syndicate.

It will always be open to the Examiners in an Honours subject to meet and consider the results in the Honours subject concerned, and submit any report to the Results Committee for its consideration.

Each Results Committee shall consist of the following members:—

(*a*) Chairman appointed by the Syndicate.

(*b*) Two members selected by the Syndicate from among the Examiners in the subject.

In a subject in which there are Honours candidates, one of these two shall be an Honours Examiner, and the other a Pass Examiner.

(*c*) The Moderator or Moderators concerned.

If any Moderator is not available, a paper-setter shall be selected by the Syndicate.

(*d*) One expert appointed by the Syndicate.

(*vi*) There shall be one Examination Board for the B.A. and B.Sc. Examinations consisting of—

(*a*) The Vice-Chancellor, *Chairman*.

(*b*) Dean of the Faculty of Arts.

(*c*) Dean of the Faculty of Science.

(*d*) Chairmen of the Results Committees.

(*c*) Five members appointed by the Syndicate, of whom two shall be selected from amongst the Members of the Syndicate, one shall belong to the Post-Graduate Department in Arts, one to the Post-Graduate Department in Science, and one to an affiliated College.

The functions of the Examination Board shall be—

(*a*) To consider the report of the Results Committee and co-ordinate them.

(*b*) To modify such results, if necessary, in accordance with the principles contained in the Regulations or laid down by the Syndicate.

(*c*) To consider all cases of breaches of discipline arising in connection with the examinations.

(*d*) To forward the results to the Syndicate for publication.

The statement made to the Syndicate shall contain confidential information on the changes made by the Examination Board and the reasons for the change.

(*vii*) The Proceedings of the Board shall be subject to confirmation by the Syndicate. The Syndicate shall not have the power to modify the results but may refer them back to the Board for reconsideration.

II

I.A. and I.Sc. Examinations.

9. (*i*) Each paper shall be set by one paper-setter.

(*ii*) The Syndicate shall appoint a Moderator in each subject wherever possible; he shall moderate each question-paper in consultation with the paper-setter concerned. It shall be the duty of the Moderator to see that the rules and regulations are strictly complied with.

In special cases the Syndicate may appoint more than one Moderator in a particular subject.

(*iii*) Each paper is to be signed by the paper-setter and the Moderator.

(*iv*) The Moderator shall allot the question papers among the different paper-setters, subject to final confirmation by the Vice-Chancellor.

(*v*) There shall be one Examination Board for the I. A. and I.Sc. Examinations consisting of—

(*a*) The Vice-Chancellor, *Chairman.*

(*b*) The Head Examiners in the various subjects.

(*c*) Four members appointed by the Syndicate, of whom two at least shall be members of the Syndicate. Of these four, two shall belong to the Faculty of Arts, and two to the Faculty of Science.

The functions of the Examination Board shall be—

(*a*) To consider the results and modify them, if necessary, in accordance with the principles contained in the University Regulations or laid down by the Syndicate.

(*b*) To consider all cases of breaches of discipline arising out of the examinations.

(*c*) To forward the results of the Syndicate for publication.

The statement made to the Syndicate shall contain confidential information on the changes made by the Examination Board and the reasons for the change.

(*vi*) The Proceedings of the Board shall be subject to confirmation by the Syndicate. The Syndicate shall not have the power to modify the results but may refer them back to the Board for reconsideration.

III

Matriculation Examination.

10. (*i*) Each paper shall be set by one paper-setter.

(*ii*) The Syndicate shall appoint a Moderator in each subject wherever possible; he shall moderate each question-paper in consultation with the paper-setter concerned. It shall be the duty of the Moderator to see that the rules and regulations are strictly complied with.

In special cases the Syndicate may appoint more than one Moderator in a particular subject.

(*iii*) Each paper is to be signed by the paper-setter and the Moderator.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are (1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominee predecease them after five years of admission. The second quinquennial valuation of the Fund has been completed by the actuary to the Government of India, and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Bengal, Imperial Secretariat Buildings, Calcutta.

DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 12th May 1932.

Third and Final Forecast of the Spring Oilseed Crops of Bengal, 1931-32.

(NOTE.—On an average of the five years ending 1929-30, the area under linseed in Bengal has represented some 3·6 per cent. and that under rape and mustard 11·4 per cent. of the total areas under these crops in British India.)

Character of the season.—As indicated in the second forecast the weather was generally favourable for sowing and for the early period of growth. At time of maturity, drought affected the crops in some districts but light rainfall in February benefited them generally. On the whole, the season was satisfactory for the crops this year.

Area sown.—Oilseeds are chiefly grown in the Rajshahi, Dacca and Presidency Divisions. In the other two divisions the cultivation is small. The total area under these crops (excepting sesamum for which separate forecasts are issued) is returned at 940,700 acres this year as against 933,400 acres last year.

Outturn.—From the District Officers' estimates the provincial outturn of the different oilseed crops works out at 81 per cent. as against 82 per cent. last year.

Taking 5¾ maunds as the normal rate of yield per acre for linseed, 6 maunds for rape and mustard and 4¼ maunds for other oilseeds, the total yield of the crops for the province is estimated at 165,200 tons this year as against 164,400 tons last year.

G. P. HECTOR,
Director of Agriculture, Bengal (offg.).

DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 12th May 1932.

Final Forecast of the Wheat Crop of Bengal, 1931-32.

(NOTE.—On an average of the five years ending 1929-30, the area under wheat in Bengal has represented some 0·4 per cent. of the total area under wheat in India. The ratio of the irrigated wheat acreage to total wheat acreage in (*a*) British India and (*b*) in the territory now reported on has, in the five years ending 1929-30, averaged (*a*) 39·7 and (*b*) 11·2 per cent., respectively.)

Character of the season.—In the third forecast issued in April last, the weather was reviewed as having been satisfactory for the province. Since then conditions have remained practically unchanged, except in the important districts of Murshidabad and Malda, where drought further reduced the outturn.

Acreage.—According to District Officers' estimates, the total area sown is 145,200 acres this year as against 142,900 acres last year.

Outturn.—The provincial outturn as worked out from the district estimate is 74 per cent. of the normal as against 75 per cent. last year. Taking the normal yield to be 8¾ maunds per acre, the gross yield of the crop for the province is estimated at 34,500 tons this year as against 34,400 tons last year.

At the end of April the wholesale price of wheat in the Calcutta mart was Rs. 3-6 per maund or about 23 per cent. higher than the price ruling at the corresponding period of last year. The price of common rice at Calcutta, on the other hand, was Rs. 3-12 per maund or about 9 per cent. lower than last year.

G. P. HECTOR,

Director of Agriculture, Bengal (offg.).

APPENDIX I.

Final Forecast of the Wheat Crop of Bengal, 1931-32.

District.	Estimated normal area under wheat crop.	Estimated area under wheat.		Estimated outturn as a percentage of the normal yield per unit of area.		Date on which the harvesting of the crop was begun this year and whether that date was early, normal or late.	Remarks by District Officers.
		Last year.	This year.	Last year.	This year.		
	Acres.	Acres.	Acres.				
Nadia ..	23,100	11,000	12,700	67	67	Latter part of February. Normal.	The outturn was below the normal owing to want of rain which retarded the growth of the crop.
Murshidabad	47,100	34,000	28,400	67	58	Middle of March. Normal ..	The decrease in area was due to unfavourable weather condition at sowing time. Drought in some places and untimely flood and excessive rainfall in others did much damage to the crop. Hence the outturn was below the normal.
Jessore ..	700	200	200	66	80	February. Normal ..	The weather was fairly favourable. The outturn was below the normal owing to unfavourable weather at sowing time.
Burdwan ..	1,500	1,100	1,100	100	92	First week of March. Normal.	The weather was favourable. The outturn was a little below the normal owing to heavy rainfall at sowing time.
Birbhum ..	4,700	4,300	4,300	83	92	Last week of March. Normal	The weather was favourable.
Bankura ..	6,500	6,100	6,200	100	100	First week of March. Normal	The weather was favourable. Normal outturn is anticipated.
Midnapore	800	800	1,000	67	83	March. Normal	The weather was fairly favourable. The outturn was below the normal as the crop did not grow uniformly through out the district.
Hooghly ..	400	300	300	67	67	Ditto	Want of timely rainfall caused damage to the extent of 4 annas. Hence the outturn was below the normal.
Rajshahi ..	7,800	11,100	11,200	100	92	Ditto	The weather was favourable on the whole.
Dinajpur ..	1,300	2,300	2,500	83	100	First week of March. Normal	The weather was favourable.
Jalpaiguri ..	800	600	600	100	83	Second week of March. Normal.	The weather was fairly favourable. The crop was slightly damaged by drought.
Darjeeling ..	2,900	3,400	3,400	92	92	Middle of March. Normal ..	The weather was favourable.
Rangpur ..	3,700	3,900	3,900	100	100	Ditto	Ditto.
Bogra ..	100	1,000	1,000	45	50	March. Normal ..	Prolonged drought was responsible for low outturn.
Pabna ..	8,800	8,000	8,300	75	75	Middle of March. Normal ..	The outturn was below the normal owing to damage to the extent of 3 annas by drought and insect pests.
Malda ..	43,000	47,300	48,500	67	67	Ditto	The weather was unfavourable. Want of rain caused some damage. Hence the outturn was below the normal.
Dacca ..	3,300	3,300	3,300	98	87	First week of March. Normal	The increase in area was due to revision of estimates after detailed enquiry. The weather was favourable. The crop was slightly damaged owing to want of moderate rainfall and to the harmful effects of the last flood.
Mymensingh	600	500	500	50	75	Middle of March. Normal ..	The weather was fair.
Faridpur ..	2,800	2,800	2,800	100	100	First part of March. Normal	The weather was favourable.

CALCUTTA IMPROVEMENT TRUST.

Calcutta, the 28th April 1932.

Notice under section 43 of Bengal Act V of 1911 and the Calcutta Improvement (Amendment) Act of 1931.

Scheme No. XLIII—Darmahatta Street Widening—portion between Scheme VIIG and Scheme XXVII.

The Board of Trustees for the Improvement of Calcutta hereby give notice that a Street Scheme, viz., Scheme No. XLIII—Darmahatta Street Widening—portion between Scheme VIIG and Scheme XXVII has been framed for the area bounded as follows:—

On the North—From a point on the southern limit of acquisition (blue verge) of Scheme No. VIIG about 103 feet west of its crossing with the western edge of Darmahatta Street eastwards along the blue verge of Scheme No. VIIG to the north-east corner of premises No. 24/1, Darmahatta Street.

On the East—From this point southwards along the eastern boundary of premises No. 24/1, Darmahatta Street to its south-east corner. Thence southwards in a straight line to a point on the northern limit of acquisition (blue verge) of Scheme No. XXVII about 130 feet east of the south-west corner of premises No. 23/1, Darmahatta Street.

On the South—From this point westwards along the blue verge of Scheme No. XXVII to the south-west corner of premises No. 23/1, Darmahatta Street. Thence southwards and then westwards through Darmahatta Street and across same and along the northern edge of Nawab Lane to a point on it about 90 feet west of the south-east corner of premises No. 236, Darmahatta Street.

On the West—From this point northwards in a straight line to the starting point.

Particulars of Scheme, map of the area comprised in the Scheme and a statement of the land which it is proposed to acquire and on which a betterment fee is proposed to be levied, may be inspected at the offices of the Trust, No. 5, Clive Street, on week days between the hours of 11 a.m. and 4 p.m. and on Saturdays between 11 a.m. and 2 p.m.

Copies of the above documents will be delivered to the applicants on payment of the following fees:—

1. Particulars of the Scheme—As. 4.
2. Map of the area—Re. 1.
3. Statement of land proposed to be acquired and also land on which it is proposed to levy a betterment fee—As. 4.

Objections to the Scheme will be received up to 30th July 1932.

J. A. L. Swan, *Chairman.*

NOTICE.

5, Clive Street, Calcutta, the 2nd May 1932.

Notice is hereby given under section 47 (3) of the Calcutta Improvement Act, 1911, that the Board of Trustees for the Improvement of Calcutta have applied to the Local Government for sanction to the Improvement Scheme No. XXXVIII (Mission Row to Chittaranjan Avenue) which was originally published in the *Calcutta Gazette* and in local newspapers on 2nd July 1931.

DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 19th May 1932.

Monthly Weather and Crop Report of Bengal for April 1932.

I **Character of the season.**—During the month under review, the rainfall was generally below the average except in nine districts where the fall was a little in excess.

The usual rainfall statement is appended.

II. **Progress of agricultural operations.**—Cultivation of autumn crops and deep-water paddy continued in East and North Bengal, but in the latter place the progress was not satisfactory for want of adequate rain. Harvesting of spring crops was completed.

III. **State of standing crops.**– The standing crops suffered from want of rain at the outset, but the rainfall during the latter part of the month improved their condition.

IV. **Prospects and probable outturn.**—The prospects of standing crops were reported to be generally fair. The outturn of wheat was estimated to be 74 per cent. and that of different spring oilseed crops 81 per cent. of the normal for the province.

V. **Damage to standing crops.** –Some damage to mango crops by hail-storm was reported from places.

VI. **Condition of agricultural stock.**—The condition of live-stock was fair on the whole. Sporadic cases of cattle-disease, however, were reported from twelve districts of the province and from the Cooch Behar and Tripura States.

VII. **Failure of pasturage and fodder.**—Insufficiency of fodder was reported from parts of Mymensingh only.

VIII. **Prices of food-grains.**—During the second fortnight of the month, the retail prices of common rice of the cheapest quality rose in ten districts, fell in six, and remained stationary in the rest of the province. The prices ranged from 10 seers per rupee at Darjeeling and the Chittagong Hill Tracts to 15½ seers at Malda.

IX. **Condition of agricultural population.**—The condition of the agricultural population is, on the whole, fair except in parts of Rangpur, Bogra, Pabna and Mymensingh, where distress, owing to last year's floods, continues to be reported.

8. Applications will be received at any of the following offices:—

(*a*) The Local Head Offices and Indian branches of the Imperial Bank of India;

(*b*) Offices of the Controller of the Currency, Calcutta, and of the Accountants-General, Madras and Burma;

(*c*) Any Government treasury; and

(*d*) All post offices doing savings bank business, subject to a maximum of Rs. 20,000 per applicant.

9. Applications may be in the form attached hereto, or in any other form which states clearly the amount and description of the securities required, the full name and address of the applicant, and the treasury or sub-treasury at which he desires that interest shall be paid. Applications should be accompanied by the necessary payment in any of the forms mentioned below.

10. Payment may be made in any of the following forms:—

(*a*) **In Cash or by Cheque.**—Cheques accompanying applications presented at a Local Head Office or branch of the Imperial Bank of India should be drawn in favour of the Secretary and Treasurer, or the Agent of the branch, as the case may be. Cheques accompanying applications at a Government office, treasury, or post office, should be drawn in favour of the Government officer to whom the application is presented.

(*b*) **By Tender of 6 Per Cent. Bonds, 1932,** of which the nominal value is a multiple of Rs. 100. If the nominal value of the bonds tendered is not an exact multiple of the issue price per cent. of the loan applied for, the tenderer will receive in cash, at the time of the issue of the new securities, the amount by which the value of the bonds tendered exceeds the nearest lower multiple of the issue price.

Applicants who tender bonds in payment must transfer such bonds to Government, (*a*) in the case of Promissory Notes, by endorsing them with the words "Pay to the Governor-General in Council" over their signature, and (*b*) in the case of Stock, by signing the form of transfer deed on the back of the Stock Certificate before a witness.

(*c*) **In Indian Treasury Bills.**—At the Local Head Offices of the Imperial Bank of India at Calcutta, Bombay and Madras, and at the Cawnpore, Lahore, Karachi and Rangoon branches of the Bank, Indian treasury bills maturing not later than the 31st of August 1932 and payable at the place of presentation of the application will be accepted as cash at their face value *less* discount at the rate of 3½ per cent. per annum on the unexpired portion of the currency of the bills.

If the discounted value of the treasury bills tendered is not an exact multiple of the issue price per cent. of the loan applied for, the tenderer will receive in cash, at the time of the issue of the new securities, the amount by which the value of the treasury bills tendered exceeds the nearest lower multiple of such issue price.

11. Brokerage will be paid at the rate of 1/16 per cent. to recognised brokers and bankers on applications for the loan bearing their stamp.

12. Applications accompanied by subscriptions in 6 per cent. Bonds, 1932, only, will also be received at the London Office of the Imperial Bank of India.

Advance interest and cash payments due in accordance with paragraphs 4, 5 and 10 (*b*) above will be paid by the London Office of the Imperial Bank of India by means of rupee drafts on India which will be negotiated by the Bank, if the recipient so desires, at the current rate on the date of payment of subscription.

The London Office of the Imperial Bank of India will send advices to the Public Debt Office, Calcutta, of all applications received by them, and the latter will forward the scrip direct to the applicants.

FINANCE DEPARTMENT.

Audit.

CALCUTTA, THE 30TH MAY 1932.

RESOLUTION—No. 2534-F.

The Government of India having declared that the rate of interest on deposits and also on balances at the credit of subscribers to the General Provident and other similar funds on the 31st March 1932, as determined by the approved method, should be 5·25 per cent., during the financial year beginning on the 1st April 1932, the Government of Bengal have decided, in continuation of their resolution No. 2671-F., dated the 2nd July 1931, that the rate of interest on deposits in the special provident funds on bonus or contributory terms and other provident funds under their administrative control should be 5·25 per cent., with effect from the 1st April 1932. This rate will apply to deposits and also to the balances at the credit of subscribers on the 31st March 1932. The funds concerned are:—

(1) Provident fund for the copyists and typists of the Revenue, Civil and Criminal courts in Bengal.

(2) Provident fund of Revenue station officers in the Sunderbans Forest Division.

(3) Special provident funds on bonus or contributory terms.

Ordered that the resolution be forwarded to the several departments of the Government of Bengal and be published in the *Calcutta Gazette*.

By order of the Governor in Council,

E. N. BLANDY,

Secy. to the Govt. of Bengal.

ADDENDA AND CORRIGENDA.

No. 2524F.—28th May 1932.—The following corrections, which have been authorised, are published for general information:—

Fundamental and Subsidiary Rules, First Edition (Reprint), 1929.

Page 389—Delegation Chapter.—*Number* the existing entry against item 63, inserted by correction slip No. 131, dated the 13th December 1930, as (1) and *insert* the following as (2):—

Nature of power.	Authority to which the power is delegated.
(2) Power under S. R. 182 (*a*) in respect of persons attending meetings of—	
(*i*) the Cotton Sub-Committee of the Board of the Agriculture Department;	Director of Agriculture, provided he is appointed to preside over the meetings.
(*ii*) the Bengal Silk Committee;	
(*iii*) the Bengal Agricultural Research Committee; and	
(*iv*) the Board of the Agriculture Department.	

Note.—The power of granting travelling allowance at first class rates will not be exercised by the Director of Agriculture.

Page 172—S. R. 284.—For this rule *substitute* the following:—

A section-writer, if granted leave, is not entitled to any allowance during his absence.

As regards press servants paid under the piece-work system,—

(*1*) (*a*) Leave on full grade pay will be granted according to their service as shown below:—

Length of service.	Leave admissible.
Less than 10 years ..	16 days in each calendar year.
Ten years but less than 15 years	23 days in each calendar year.
Fifteen years and above ..	31 days in each calendar year.

NOTE.—In calculating the length of service for the purpose of this rule, the period of continuous service on the extra piece establishment as well as on the permanent piece establishment shall be taken into account.

(*b*) This leave will be non-cumulative, *i.e.*, any leave not taken during the year will lapse without any monetary compensation.

(*c*) Gazetted holidays and Sundays falling within a period of leave will count as leave. Other gazetted holidays actually enjoyed may, at the option of the piece-worker, be counted against any leave admissible to him under sub-rule (*a*), and, if so counted, will be paid for.

(*d*) Applications to count gazetted holidays or absences as leave on full grade pay must be made before the close of the piece month in which the holidays or absences occur.

(*e*) The grant of leave under these rules is subject to the provision of F. R. 67. It may also be withheld from piece-workers who have been irregular in attendance.

NOTE.—Full grade pay shall not be allowed for gazetted holidays unless they are covered by the leave admissible under sub-rule (*a*) and an application has been made that they should be counted as leave on full grade pay. If no leave on full grade pay is admissible the application, if supported by a medical certificate, should be dealt with under rule 2 (*a*).

(*2*) (*a*) Leave on medical certificate on half grade pay will be earned at the rate of one month's leave for every complete period of eleven months' duty, and as regards incomplete periods one day's leave for every eleven days' duty. It will be cumulative and will be granted only when no leave on full grade pay is admissible.

NOTE.—Leave on medical certificate on half grade pay shall be calculated from the date of appointment of the piece-worker, subject to the condition that no medical leave without allowances, granted prior to the 1st April 1931, can be commuted to leave on medical certificate on half grade pay.

(*b*) Leave without pay may be granted when no other leave is admissible.

(*c*) No continuous period of leave except leave without pay shall exceed one year.

(*d*) Injury leave at half grade pay may be granted from the commencement of disablement to all piece-workers who are injured in circumstances which would give rise to claims for compensation in the case of a workman as defined in the Workmen's Compensation Act. This leave shall be granted so long as is necessary, subject to a limit of two years for any one disability and five years during a piece-worker's total service. It shall not be taken into account in calculating the limits laid down in the rules (*a*) and (*c*) above. Leave salary payable under this rule will in the case of a workman, to whom the Workmen's Compensation Act applies, be reduced by the amount of compensation payable under section 4 (*1*) D of the said Act.

NOTE.—The special disability leave and the hospital leave admissible under F. R. 83 and S. R. 269 (*c*) will not be admissible to these men.

(*3*) (*a*) Piece-workers in whose houses there are cases of infectious diseases, such as small-pox, etc., should submit a medical certificate to this effect and obtain leave of absence from the office until another medical certificate can be produced showing that all danger of infection has ceased. Men in whose houses infectious diseases have occurred will, if they attend office, be liable to be suspended from work.

(*b*) Employees compelled under the above orders to absent themselves from office not on account of their own sickness but on account of the occurrence of infectious diseases in their houses, may be allowed casual leave for the period, not exceeding thirty days, during which they are prevented from attending. Casual leave up to thirty days will also be admissible to press employees returning from leave, who are detained in plague camps on their way to rejoin.

(*c*) During casual leave piece-workers will be remunerated at full grade pay.

(*d*) If the period of absence exceeds thirty days, employees may be allowed leave with leave salary of any kind which may be due to them and thereafter leave without leave salary.

NOTE.—Grade pay for the purpose of these rules is the minimum of the grade fixed under rules 36 and 37 of the rules for the management of the Printing Department, and corresponds to the average salary of the salaried establishment.

(4) On transfer to the salaried establishment, a piece-worker in the printing department may carry forward the balance of unspent leave earned under clause (*2*) (*a*) above, half the period of such leave being credited to his leave account for leave on medical certificate.

K. KHASTGIR, *Professor-in-Charge.*

Office of the Inspector of Schools, Chittagong Division.

NOTIFICATION.

Chittagong, the 26th May 1932.

Nomination of candidates for inclusion in the provincial panel in connection with the recruitment of English teachers in Government High and Normal Schools and Madrasahs and of Sub-Inspectors of Schools in the scale of Rs. 75-5-150 (efficiency bar)-5-200, in the Subordinate Educational Service will be made by the Panel Committee of the Chittagong Division in August 1932. Applications (in duplicate) in the annexed form with the necessary certificates will be received by the Inspector of Schools, Chittagong Division, up to the 31st July 1932.

1. The posts to which recruitment will be made and the qualifications required for them are shown below:—

(*a*) English teachers in Government High and Normal Schools and Madrasahs—B.A. or B.Sc., preferably with Honours of a recognised University with a degree in teaching, or first class M.A. or M.Sc.

(*b*) Sub-Inspectors of Schools—In addition to the above qualifications teaching experience of a satisfactory nature for not less than two years in recognised secondary schools.

(*c*) Special Sub-Inspectors of Schools—B.A., preferably with Honours in Arabic or Persian with a degree in teaching, or first class M.A. in Arabic or Persian. Teaching experience of a satisfactory nature of not less than two years in recognised secondary schools.

2. No person shall be appointed as an English teacher or a Sub-Inspector of Schools who is not of good character and in all respects suitable for appointment to Government service.

3. Every candidate shall furnish certificates written not more than one year prior to the date of application from two responsible persons unconnected with his College or University, and not related to him, testifying to his private character.

4. No person shall be eligible for appointment who is not of sound health, good physique, and active habits and free from organic defect or bodily infirmity and in respect of whom the department is satisfied that he is physically fit and in all respects suitable for appointment to Government service.

5. No person shall be eligible for appointment who has endeavoured to enlist for his candidature the support of persons of influence or of officials of Government. Spontaneous recommendations from persons interested in or otherwise known to the candidate shall be disregarded.

6. No person shall be considered for admission to the panel, by the Panel Committee of the Chittagong Division, unless he is a permanent resident or permanently domiciled within the jurisdiction of the Chittagong Division.

7. Candidates shall be under the age of 25 years. This condition may be relaxed by the Director of Public Instruction, Bengal, in the case of teachers who have worked satisfactorily for not less than two years in recognised High Schools under private management up to the age of 30 years. No candidate who is age-barred under this rule shall be admitted to the panel, and if previously admitted a candidate shall have his name removed from the panel on his attaining the age of 30 years or on permanent appointment before that age.

8. No candidate shall apply simultaneously to more than one Inspector of Schools. Every candidate should state definitely if he has applied for nomination by any other Divisional Panel Committee.

9. Every candidate should enclose with his application documents in support of his statement regarding (1) qualifications, academic and professional (M.A., B.A., M.Sc., B.Sc., B.T. diplomas), (2) date of birth (Matriculation certificate), (3) home district (certificate from a gazetted officer), (4) character (certificate from a respectable gentleman), (5) subjects studied at the degree examination, both academic and professional (certificate from the Principal of the College in which he studied) and (6) details of teaching experience with dates and names of institutions (certificates from the authorities of the schools). Testimonials, if any, as to the candidate's ability as lecturer, teacher, etc., may also be produced.

10. Every candidate should state if he is a British subject; if not, he should name the State in India to which he belongs.

11. A person can have only one domicile. In case a candidate claims to have more than one place of residence he should clearly state which one is his legal residence. This should be supported by documentary evidence (certificate from a gazetted officer).

12. The Divisional Panel Committee will interview the candidates, if necessary. The date for the purpose will be communicated to them in due course.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are (1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominee predecease them after five years of admission. The second quinquennial valuation of the Fund has been completed by the actuary to the Government of India, and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Bengal, Imperial Secretariat Buildings, Calcutta.

Bills introduced in the Bengal Legislative Council, Reports of Select Committees presented or to be presented to that Council, and Bills published before introduction in that Council.

GOVERNMENT OF BENGAL.

Legislative Department.

NOTIFICATION.

No. 1548L.—27th May, 1932.—The following report of the Select Committee on the Bengal Opium Smoking Bill, 1931, with the Bill as amended by the Committee, is hereby published for general information.

Report of the Select Committee on the Bengal Opium Smoking Bill, 1931.

We, the members of the Select Committee of the Bengal Legislative Council to which the Bengal Opium Smoking Bill, 1931, was referred by a motion carried in the Bengal Legislative Council on the 17th February, 1932, have the honour to submit this our report with a copy of the Bill as amended by us annexed. All matter omitted by the Select Committee has been printed in italics and enclosed in square brackets, and all new matter inserted has been underlined.

1. The Bill was published in English in the *Calcutta Gazette* on the 25th June, 1931.

2. We do not consider that the Bill has been so altered as to require re-publication.

3. The changes made in the Bill are detailed below :—

Clause 2(5).—We have reproduced the definition of the "Collector" contained in clause (*5*) of section 2 of the Bengal Excise Act, 1909, so as to make the definition more self-contained.

Clause 9 sub-clause (2).—We consider that a fee should be paid by any person who wishes to become a registered opium smoker under the proposed Act, and we have altered sub-clause (*2*) accordingly. The amount of the fee may be suitably fixed by the Local Government by rules.

First proviso.—In our opinion the age limit for a registered opium smoker should be 25 years instead of 20 years, and the first proviso has been altered in this respect.

Clause 10.—We consider it desirable to have the information recorded before the warrant is issued.

Clause 12.—We have provided that the period of detention under this clause shall be twenty-four hours instead of forty-eight hours.

Clause 13—sub-clause (4).—A slight verbal change has been made in this sub-clause.

Clause 14.—The clause appears to us to be too vague, and we have provided that bail is only to be granted if the officer making the arrest is satisfied in regard to it.

Clause 16.—In our opinion the provisions of this clause as to confiscation or destruction of property should apply on the conclusion of a trial, whether the accused person is convicted or not, and we have altered the clause accordingly on the lines of sub-section (*1*) of section 517 of the Code of Criminal Procedure. As this change affects the central subject of civil rights, it will require the sanction of the Governor-General. We recommend that the necessary steps be taken to obtain such sanction.

THE BENGAL OPIUM SMOKING BILL, 1932.

(As amended by the Select Committee.)

NOTE.—The matter omitted by the Select Committee has been printed in italics and enclosed in square brackets, and new matter has been underlined.

A

BILL

to provide for the control of the practice of smoking prepared opium.

WHEREAS it is expedient to control the practice of smoking prepared opium in Bengal;

AND WHEREAS the previous sanction of the Governor General has been obtained under sub-section (*3*) of section 80A of the Government of India Act to the passing of this Act; 5 & 6 Geo. V, c. 61; 6 & 7 Geo. V, c. 37; 9 & 10 Geo. V, c. 101.

It is hereby enacted as follows:—

Short title, local extent and commencement.

1. (*1*) This Act may be called the Bengal Opium Smoking Act, 1932.

(*2*) It extends to the whole of Bengal.

(*3*) It shall come into force in such local areas and on such dates as the Local Government may, by notification, direct, and the Local Government may, by notification, withdraw this Act from any local area. [*Cf.* Ben. Act V of 1919, s. 1.]

Definitions.

2. In this Act, unless there is anything repugnant in the subject or context—

(*1*) "notification" means a notification published in the *Calcutta Gazette*;

(*2*) "prepared opium" means any product of opium obtained by any series of operations designed to transform opium into an extract suitable for smoking and includes the dross or other residue remaining after opium is smoked;

(*3*) "registered" means registered under the provisions of this Act as a smoker of prepared opium;

(*4*) "place" includes a building, house, shop, booth, tent, vessel, raft and vehicle and any part thereof; [*Cf.* U. P. Act II of 1925, s. 2.]

(*5*) "Collector" means—

(*i*) in the Calcutta district, any person appointed under clause (*b*) of section 7 of the Bengal Excise Act, 1909, to exercise all the powers and to perform all the duties of the Collector in that district under that Act; and Ben. Act V of 1909.

(*ii*) elsewhere, the chief officer in charge of the revenue administration of a district.

[*the expression "Collector" has the same meaning as in section 2(5) of the Bengal Excise Act, 1909.*] [*Ben. Act V of 1909.*]

Smoking of prepared opium.

3. Whoever, not being registered, smokes prepared opium shall be punished for the first offence with imprisonment for a term which may extend to six months, or with fine which may extend to five hundred rupees, or with both, and for every such subsequent offence with imprisonment which may extend to one year, or with fine which may extend to one thousand rupees, or with both.

The Bengal Opium Smoking Bill, 1932.

(*Clauses 4—10.*)

Presumption of smoking prepared opium in certain cases.

4. If any person, not being registered, is found in possession of prepared opium or of any apparatus used for the smoking of, or in the manufacture of, prepared opium, it shall be presumed, until the contrary is proved, that such person smokes prepared opium.

Manufacture, possession or sale of prepared opium.

5. Whoever manufactures, possesses, sells, keeps or exposes for sale or attempts to sell any prepared opium, or assists any other person, whether an opium smoker or not, in the manufacture of prepared opium shall be punished with imprisonment which may extend to two years, or with fine which may extend to two thousand rupees, or with both.

Exception.— Manufacture or possession for his own use by a registered opium smoker of prepared opium not exceeding one tola in weight or such other lesser quantity as the Local Government may, by notification, direct, shall not be an offence under this section.

Keeping or having charge of place used for smoking prepared opium.

6. Whoever opens, keeps or uses any place or permits any place to be used, for the purpose of enabling two or more persons, whether registered or not, to meet together to smoke prepared opium or has the care or management of, or in any way assists in conducting the business of, any place used or kept for the said purpose shall be punished with imprisonment for a term which may extend to two years, or with fine which may extend to two thousand rupees, or with both. [*Cf.* U. P. Act II of 1925, s. 7; Punjab Act VI of 1923, s. 7.]

Smoking of prepared opium in assembly of two or more.

7. If two or more persons, whether registered or not, assemble in any place for the purpose of smoking prepared opium, each such person shall be punished with imprisonment for a term which may extend to one year, or with fine which may extend to one thousand rupees, or with both.

Presumption from presence of prepared opium, etc., in certain places.

8. If any prepared opium or any apparatus used for smoking, or in the manufacture of, prepared opium is found in any place where two or more persons, whether registered or not, are assembled, it shall be presumed until the contrary is proved that the place is used, and that the persons are present in such place, for the purpose of smoking prepared opium. [*Cf.* U. P. Act II of 1925, s. 5.]

Power of Local Government to make rules for registration of opium smokers.

9. The Local Government may, by notification, make rules providing for—

(*1*) the registration of persons who are opium smokers and for their identification, and

(*2*) the method of registration, the fee payable for such registration, and the form of the register and the maintenance thereof:

Provided that no person shall be registered as an opium smoker who is below the age of [*twenty*] twenty-five years:

Provided also that, subject to such exceptions as the Local Government may by rule prescribe, no person shall be registered as an opium smoker after a date to be fixed in this behalf, by notification, by the Local Government.

Power to enter and search any place and to seize articles and to arrest persons found in such place.

10. If a Collector, a Presidency Magistrate, or a Magistrate of the first class, upon information received and after such inquiry, if any, as he considers necessary, has reason to believe that any place is used for the commission of an offence under this Act, he may, after recording the substance of the information, issue a warrant to an excise officer not below the rank of Sub-Inspector authorizing him— [*Cf.* U. P. Act II of 1925, s. 9.]

(*a*) to enter such place by day or night with such assistants as such officer may consider necessary;

The Bengal Opium Smoking Bill, 1932.

(*Clauses 11—13.*)

(*b*) to search all parts of such place in which such officer has reason to believe that any prepared opium or any apparatus for the smoking of such opium or for the manufacture thereof, is concealed and all or any persons whom he may find in such place ;

(*c*) to arrest any person found in such place whom he has reason to believe to be guilty of an offence under this Act ; and

(*d*) to seize all prepared opium and apparatus for the smoking or for the manufacture thereof which may be found in such place.

Application of the Code of Criminal Procedure, 1898, to warrants and searches under section 10.

11. (*1*) The provisions of the Code of Criminal Procedure, 1898, shall apply to the execution of warrants and to searches made under section 10. Act V of 1898. [*Cf.* U. P. Act II of 1925, s. 10.]

(*2*) For the purposes of the said provisions of the said Code, a Collector shall be deemed to be a Court. [*Cf.* Ben. Act V of 1909, s. 81 (*2*).]

Report to be made in case of arrest or seizure.

12. Whenever any officer makes an arrest or seizure under this Act, he shall without delay, and in any case within [*forty-eight*] twenty-four hours, forward every person arrested and every thing seized with full particulars of the arrest or seizure to the Collector or to the Magistrate, as the case may be, by whom the warrant was issued. In case of an arrest or seizure under a warrant issued by the Collector the said officer shall, unless the Collector proceeds under section 13, within the aforesaid period of [*forty-eight*] twenty-four hours, forward the person or thing produced before the Collector to a Magistrate having jurisdiction to try the case together with full particulars of the arrest or seizure. [*Cf.* Punjab Act VI of 1923, s. 12 ; U. P. Act II of 1925, s. 11.]

Powers of Collector to investigate offences.

13. (*1*) A Collector may, without the order of a Magistrate, investigate any offence punishable under this Act which a Court having jurisdiction over the local area within the limits of the Collector's jurisdiction would have power to try. [*Cf.* Ben. Act V of 1909, s. 73 (*1*).]

(*2*) A Collector may, after recording in writing his reason for suspecting the commission of an offence which he is empowered to investigate, exercise any of the powers conferred upon a police officer making an investigation, or upon an officer in charge of a police-station, by section 160 to 171 of the Code of Criminal Procedure, 1898. [*Cf.* Ben. Act V of 1909, s. 74 (*1*).]

(*3*) A Collector may without reference to a Magistrate, and for reasons to be recorded by him in writing, stop further proceedings against any persons concerned, or supposed to be concerned, in any offence which he has investigated. [*Cf.* Ben. Act V of 1909, s. 74 (*2*).]

(*4*) As soon as an investigation by a Collector has been completed, if it appears to him that there is sufficient evidence to justify the forwarding of the accused to a Magistrate, the Collector shall submit a report (which shall, for the purposes of section 190 of the Code of Criminal Procedure, 1898, be deemed to be a police report) to a Magistrate having jurisdiction to try the case and empowered to take cognizance of offences on police reports.

The Bengal Opium Smoking Bill, 1932.

(*Clauses 14—19.*)

Bail and security.

14. Whenever any person arrested under this Act is prepared to furnish bail to the satisfaction of the officer making the arrest, he shall be released on bail, or at the discretion of the officer making the arrest on his own bond. [*Cf.* Punjab Act VI of 1923, s. 13; U. P. Act II of 1925, s. 12.]

Aid to Excise officer.

15. Every officer mentioned in section 71 of the Bengal Excise Act, 1909, shall be bound to give reasonable aid to an Excise officer in carrying out the provisions of this Act upon request made by such officer. Ben Act V of 1909. [*Cf.* U. P. Act II of 1925, s. 13; Punjab Act VI of 1923, s. 14.]

Power of Magistrate to confiscate or destroy articles seized.

16. On the conclusion of a trial [*conviction of any person*] for an offence under this Act the Magistrate may order that any prepared opium and any instrument or appliance in respect of, or by means of which such offence has been committed, or appears to have been committed, or any receptacle, package or covering in which such prepared opium, instrument or appliance was found, and any other contents of such receptacle, package or covering shall be confiscated or destroyed. [*Cf.* Punjab Act VI of 1923, s. 15; U. P. Act II of 1925, s. 14.]

Offences triable by Presidency Magistrate or Magistrate of first class.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 25th May 1932.

Summary.—There was heavy rain accompanied by cyclonic storm over the greater part of the Province especially in West and East Bengal. It has facilitated the cultivation of autumn crops in West Bengal and has benefited the standing crops generally. Distress prevails in parts of Rangpur, Bogra, Pabna and Mymensingh where 284, 268, 516 and 235 persons, respectively, attended the test relief works. In Mymensingh 364 persons received gratuitous relief. The average price of common rice for the Province has fallen by about 0·68 per cent. as compared with that of the previous week.

GOVERNMENT OF INDIA.

Legislative Department.

Simla, the 28th May, 1932.

ORDINANCE No. IX OF 1932.

AN

ORDINANCE

TO

Confer certain special powers on the Government of Bengal for the purpose of suppressing the terrorist movement, and to provide for the trial of certain offences, the hearing of certain appeals, and the procedure in certain Courts in connection with offences arising out of the terrorist movement.

WHEREAS an emergency has arisen which makes it necessary to confer certain special powers on the Government of Bengal for the purpose of suppressing the terrorist movement, and to provide for the trial of certain offences, the hearing of certain appeals, and the procedure in certain Courts in connection with offences arising out of the terrorist movement ;

NOW THEREFORE, in exercise of the power conferred by section 72 of the Government of India Act, the Governor General is pleased to make and promulgate the following Ordinance :—

Short title and extent.

1. (*1*) This Ordinance may be called the Bengal Emergency Powers Ordinance, 1932.

(*2*) It extends to the whole of Bengal, but sections 2 and 3 shall apply only to the district of Chittagong unless the Governor General in Council by notification in the Gazette of India makes a declaration applying either or both of these sections to any other area.

Power of Local Government to make rules.

2. (*1*) The Local Government, subject to the control of the Governor General in Council, may, by notification in the local official Gazette, make rules—

(*a*) to prevent communication with absconders and to secure information of the movements of absconders ;

(*b*) to prevent attacks on the persons and property of His Majesty's subjects, or to secure information of such attacks and of designs to make such attacks ;

(*c*) to secure the safety of His Majesty's forces and police ;

(*d*) to provide for the custody pending production before a Court of prisoners taken in circumstances in which the provisions of the Code of Criminal Procedure, 1898, cannot be followed without undue inconvenience. V of 1898.

(*2*) In making a rule under this section the Local Government may provide that any contravention thereof shall be punishable with imprisonment which may extend to six months, or with fine, or with both.

Delegation of powers under Ordinance II of 1932 to military officers.

3. (*1*) The Local Government may invest any military officer not below the rank of Captain with any of the powers of a District Magistrate under section 6, 7, 10 or 11 of the Emergency Powers Ordinance, 1932. II of 1932.

(*2*) Where the Local Government has invested the District Magistrate with the powers of a Local Government under section 5 or section 9 of the Emergency Powers Ordinance, 1932, the District Magistrate may, subject in the case of a delegation of powers under section 5 to the control of the Local Government, delegate the powers so vested in him to any military officer not below the rank of Captain. II of 1932.

(*3*) The District Magistrate may, by order in writing, authorise any military officer to exercise any of the powers of the District Magistrate under section 6, 7, 10 or 11 of the Emergency Powers Ordinance, 1932, in a specified area or in connection with a specified operation or series of operations. II of 1932.

Completion of trials ordered or begun under Ordinance XI of 1931.

4. (*1*) Where before the expiration of the Bengal Emergency Powers Ordinance, 1931, an order has been made thereunder for the trial of any person by a Special Magistrate but the trial has not begun, or where at such expiration the trial of any person is proceeding before a Special Magistrate but has not been completed, the offence may be tried or the trial may be completed, as the case may be, by such Special Magistrate, and such Special Magistrate shall continue to have and to exercise for the purpose of such trial all the powers with which he was invested under the said Ordinance. XI of 1931.

(2) Notwithstanding the expiration of the Bengal Emergency Powers Ordinance, 1931, an appeal shall lie subject to the provisions therein contained relating to appeals from any sentence passed by a Special Magistrate under that Ordinance within seven days prior to its expiration and from any sentence passed by a Special Magistrate trying an offence, or completing a trial under sub-section (1), and every such appeal and every appeal pending at the date of such expiration shall be heard and decided by the authority by which it would have been heard and decided if the said Ordinance had not expired : XI of 1931.

Provided that the appellate jurisdiction exercisable under the said Ordinance by a Special Tribunal shall be exercised, where the sentence is passed by a Special Magistrate in the Presidency-town of Calcutta, by the High Court and, where the sentence is passed by a Special Magistrate in any district, by the Court of Session.

Enhanced penalty for offence under section 307, Indian Penal Code.

5. Where in a trial by Commissioners appointed under the Bengal Criminal Law Amendment Act, 1925, any person is convicted of an offence punishable under the first paragraph of section 307 of the Indian Penal Code committed after the 30th November, 1931, the Commissioners may pass on such person a sentence of death or of transportation for life. XLV of 1860.

Power to exclude persons or public from precincts of Court in certain trials.

6. (1) In any trial by Commissioners appointed under the Bengal Criminal Law Amendment Act, 1925, the Commissioners may, if they think fit, order at any stage of the trial that the public generally or any particular person shall not have access to, or be or remain in, the room or building used by the Court.

(2) In any trial by a Special Judge or a Special Magistrate appointed under the Emergency Powers Ordinance, 1932, of an offence specified in the Schedule, in regard to which the Local Government certifies that in the opinion of the Local Government there are reasonable grounds for believing that such offence has been committed in furtherence of or in connection with the terrorist movement, the Special Judge or Special Magistrate, as the case may be, may, if he thinks fit, order at any stage of the trial that the public generally or any particular person shall not have access to, or be or remain in, the room or building used by the Court. II of 1932.

(3) Where in the course of any trial referred to in sub-section (1) or sub-section (2) the Advocate General certifies in writing to the Court that it is expedient in the interests of the public peace or safety, or of the peace or safety of any of the witnesses in the trial that the public generally should not have access to, or be or remain in, the room or building used by the Court, the Commissioners, Special Judge or Special Magistrate, as the case may be, shall order accordingly.

Power to deal with refractory accused.

7. (1) Where any accused, in a trial by Commissioners appointed under the Bengal Criminal Law Amendment Act, 1925, has by his voluntary act rendered himself incapable of appearing before the Court or resists his production before it, or behaves before it in a persistently disorderly manner, the Court may, at any stage of the trial, by order in writing made after such inquiry as it may think fit, dispense with the attendance of such accused for such period as it may think fit, and proceed with the trial in his absence.

(2) Where a plea is required in answer to a charge from an accused whose attendance has been dispensed with under sub-section (1), such accused shall be deemed not to plead guilty.

(3) An order under sub-section (1) dispensing with the attendance of an accused shall not affect his right of being represented by a pleader at any stage of the trial, or of being present in person if he has become capable of appearing or appears in Court and undertakes to behave in an orderly manner.

(*d*) Notwithstanding anything contained in the Code of Criminal Procedure, 1898, no finding, sentence or order passed in a trial by Commissioners appointed under the Bengal Criminal Law Amendment Act, 1925, shall be held to be illegal by any Court by reason of any omission or irregularity whatsoever arising from the absence of any or all of the accused whose attendance has been dispensed with under sub-section (*1*). V of 1898.

THE SCHEDULE.

(*a*) Any offence punishable under any of the following sections of the Indian Penal Code, namely, sections 121, 121A, 122, 123, 148, 216, 302, 304, 326, 327, 329, 332, 333, 385, 386, 387, 392, 394, 395, 396, 397, 398, 399, 400, 401, 402, 431, 435, 436, 437, 438, 440, 454, 455, 457, 458, 459, 460 and 506 ; XLV of 1860.

(*b*) any offence under the Explosive Substances Act, 1908 ; VI of 1908.

(*c*) any offence under the Indian Arms Act, 1878 ; XI of 1878.

(*d*) any attempt or conspiracy to commit, or any abetment of, any of the above offences.

DARJEELING, THE 6TH JUNE 1932.

RESOLUTION—No. 2426Pl.

In resolution No. 281Pl., dated the 22nd January 1931, which was published in the *Calcutta Gazette* of the 22nd January 1931, Government announced that they would examine in detail the recommendations of the Committee appointed in September 1930 to consider the question of limitation and regulation of motor traffic on the Darjeeling Hill Cart Road and invited at the same time public criticism of those recommendations. The proposals of the Committee have since been examined by Government in the light of the observations received from the public and the conclusions arrived at by Government are now published for general information. The recommendations of the Committee are summarised in paragraph 7 of their report, and the decisions of Government on them are as follows:—

(*a*) The number of motor-lorries as defined in rule 2 (*14*), Calcutta Motor Vehicles Rules, whether public or private, plying on the Darjeeling Hill Cart Road should be limited for the time being to 40, including those already plying; but the position should be reviewed at the end of twelve months.

This involves amendment to the Motor Vehicles Rules, and Government propose to give effect to this recommendation subject to further consideration of the views of the public and the individuals likely to be affected thereby.

(*b*) Requires no orders.

(*c*) Regulation of the hours of running of lorries on the through run.

The same action is being taken as in the case of recommendation (*a*).

(*d*) One-way traffic through Kurseong Bazar.

This has been examined but found to be impracticable.

(*e*) Continuation of present system of proceed orders.

This has been accepted, at any rate for the time being.

(*f*) Erection of sign-posts at stations where proceed orders are to be taken.

This has been accepted.

(*g*) Down-going cars when taking "proceed orders" at Tung railway station to state whether or not they are going past Kurseong. Up-going cars should give similar information at Mahanadi railway station.

This has been accepted.

(*h*) The appointment of a special police sergeant to be expedited.

This has been accepted in principle but must await provision of funds.

(*i*) The maximum overhang for motor-lorries and motor-buses to be limited as regards the hill roads of the district to 7/24ths of the overall length as in rule 54 (*a*) of the Calcutta and Howrah Motor Vehicles Rules.

This involves amendment to the Motor Vehicles Rules, and Government propose to give effect to this recommendation, subject to further consideration of the views of the public and the individuals likely to be affected thereby.

(*j*) Local authorities to be empowered by rule to fix maximum fares for passenger traffic with reference to rule 38 of the Bengal Motor Vehicles Rules.

This has not been accepted as the opinion of the local officers is against the proposal and Government are not convinced that there is at present any necessity for such a rule.

(*k*) Rule 49 (*n*) of the Bengal Motor Vehicles Rules should be amended to read—

"Motor vehicles not exceeding 35 cwts. per axle when loaded, and not exceeding 3½ tons total weight when loaded, etc.," if and when the bridges and culverts have been strengthened for the purpose. This work to be taken in hand as soon as possible.

Government are not satisfied that it is advisable to increase the maximum loaded weight of motor cars using the cart road, and in any case the proposal involves the provision of funds for strengthening bridges and culverts, which are not at present available.

(*l*) Two more weigh-bridges to be provided, one at Ghum and one at Kurseong.

This is accepted but the work cannot be undertaken until funds are available.

(*m*) No person to be allowed to drive a motor-bus or motor-lorry in the Darjeeling district without passing a special test. The fact of passing this test to be noted in the driving licence.

This has been accepted by Government and incorporated in the rules by notification No. 115Pl., dated 9th January 1932.

(*n*) The Government contribution to the railway for administering the control system to be raised to Rs. 10,000 per annum.

This is still under consideration.

(*o*) This year's allotment of Rs. 69,660 for maintenance is inadequate and the annual allotment for the ordinary maintenance of this road not including a storm damage repair or improvement should not be less than Rs. 2,500 a mile.

(*p*) The programme which has already been drawn up for tar-surfacing the whole of the road should be carried through without interruption.

(*q*) It is essential that money should be found for strengthening bridges and culverts.

(*r*) Rupees 30,000 could be spent economically every year over a long period on improvement and this sum should be provided annually for the purpose.

These four preceding recommendations have been accepted in principle but must await provision of funds.

(*s*) The collection of tolls would be difficult and expensive and inconvenient to the public.

Government agree with this conclusion.

(*t*) A special registration fee of Rs. 100 a year or Rs. 30 a quarter should be imposed on all motor vehicles plying for hire on the cart road, the proceeds to be devoted exclusively to the improvement of the road.

Government are unable to accept this, at any rate before they have had some experience of the working of the Bengal Motor Vehicles Tax Act, 1932, under which all motor vehicles will be taxed.

(*u*) Fines from prosecutions under the Motor Vehicles Act should be earmarked for the improvement of the road.

Government are unable to accept this as a sound or practicable proposal.

(*v*) No special fee to be realised from private cars.

This is accepted.

(*w*) The Government of India should be moved to allow a substantial sum from the Road Development Fund for the improvement of this road.

Government are unable to accept this as road development funds have so far only been allotted to through arterial roads and there is no likelihood of any sums being allotted for the Darjeeling Hill Cart Road.

Order—Ordered that the resolution be published in the *Calcutta Gazette*, and that a copy be forwarded to all interested in this matter.

By order of the Governor in Council,

Simla, the 26th May 1932.

No. F. 25/VI/30.—The following Statutes establishing "The Indian Police Medal" and the Regulations attached thereto, are published for general information.

"The Indian Police Medal."

The King has been pleased to issue a Warrant under His Majesty's Royal Sign Manual to the following effect:—

GEORGE R.I.

GEORGE THE FIFTH, BY THE GRACE OF GOD, OF GREAT BRITAIN, IRELAND AND THE BRITISH DOMINIONS BEYOND THE SEAS, KING, DEFENDER OF THE FAITH, EMPEROR OF INDIA.

To all to whom these presents shall come:

GREETING:

WHEREAS We have taken into Our Royal consideration the good services rendered by Members of the Police Forces and of Fire Brigades within Our Indian Empire:

AND WHEREAS We are desirous of making further provision for distinguishing meritorious services rendered by them:

We do by these presents for Us, Our Heirs and Successors, institute and create a new Medal to be awarded by Our Viceroy and Governor-General of India for the time being on Our behalf for distinguished conduct.

First: It is ordained that the Medal shall be designated and styled "The Indian Police Medal."

Secondly: It is ordained that the Indian Police Medal shall consist of a circular Medal of bronze with Our Effigy on the obverse, and on the reverse a wreath surmounted by a Crown, and shall bear on the rim the name of the person to whom the Medal is awarded.

Thirdly: It is ordained that the Medal shall be awarded only to those members of a recognised Police Force or of a properly organised Fire Brigade within Our Indian Empire who have performed services of conspicuous merit.

Fourthly: It is ordained that the names of those to whom this Medal may be awarded shall be published in the *Gazette of India*, and that a Register of such names shall be kept in the Office of the Home Department of the Government of India.

Fifthly: It is ordained that each Medal shall be suspended from the left breast, and the riband, of an inch and three-eighths in width, shall be dark blue with a narrow silver stripe on either side and a crimson stripe in the centre.

Sixthly: It is ordained that any distinguished conduct which is worthy of recognition by the award of the Indian Police Medal, but is performed by one upon whom the Decoration has already been conferred, may be recorded by a Bar attached to the riband by which the Medal is suspended; and for every such additional award an additional bar may be added.

Seventhly: It is ordained that the number of medals awarded in any one year (excluding Bars) shall not exceed 200.

Eighthly: It is ordained that it shall be competent for Our Viceroy and Governor-General of India for the time being to cancel and annul the award to any person of the above Decoration, and that thereupon the name of such person in the Register shall be erased, but that it shall be competent for Our said Viceroy and Governor-General to restore any Decoration which may have been so forfeited. And every person to whom the said Decoration is awarded shall, before receiving the same, enter into an agreement to return the medal if his name shall be erased as aforesaid.

Ninthly: It is ordained that it shall be competent for our Viceroy and Governor-General of India for the time being to make regulations to carry out the purposes of this Warrant.

Given at Our Court at St. James's the twenty-third day of February, One thousand nine hundred and thirty-two, in the twenty-second year of Our Reign.

By His Majesty's Command,

SAMUEL HOARE.

Regulations relating to the award of the Indian Police Medal.

(*a*) The Medal will be open to all ranks of the Police, civil and military, and to the members of properly organised Fire Brigades, both in British India and in the Indian States.

(*b*) It will be awarded by the Viceroy and Governor-General on the recommendation of the Local Government, or of the administration of the State.

(*c*) Each recommendation will state the name and rank of the person recommended, the Police Force or Fire Brigade of which he is or was a member, and particulars of the action or service for which the grant of the Medal is recommended.

(*d*) The Medal will be awarded—

(i) for conspicuous gallantry. Awards for gallantry will be made as soon as possible after the event occasioning the grant;

(ii) for valuable services characterised by resource and devotion to duty, including prolonged service of ability and merit. Such awards will be made once annually on the 1st of January from the list of recommendations which should reach the Government of India in the Home Department not later than the 1st of October in each year.

(*e*) When awarded for gallantry the Medal will carry a monetary allowance at half the rates sanctioned for the award of the King's Police Medal for gallantry.

(*f*) The number of Medals to be awarded each year will not exceed 200. The recommendations received from any one source will be considered with due regard to the number of recommendations which have been or are likely to be received from other sources.

(*g*) The Medal shall be worn next to and immediately after the British Empire Medal (for gallantry).

(*h*) The award of the Medal will not be a bar to the subsequent award of the King's Police Medal.

Applications (in duplicate) in the annexed form with the necessary certificates will be received by the Inspector of Schools, Chittagong Division, up to the 31st July 1932.

1. The posts to which recruitment will be made and the qualifications required for them are shown below:—

(*a*) English teachers in Government High and Normal Schools and Madrasahs—B.A. or B.Sc., preferably with Honours of a recognised University with a degree in teaching, or first class M.A. or M.Sc.

(*b*) Sub-Inspectors of Schools—In addition to the above qualifications teaching experience of a satisfactory nature for not less than two years in recognised secondary schools.

(*c*) Special Sub-Inspectors of Schools—B.A., preferably with Honours in Arabic or Persian with a degree in teaching, or first class M.A in Arabic or Persian. Teaching experience of a satisfactory nature of not less than two years in recognised secondary schools.

2. No person shall be appointed as an English teacher or a Sub-Inspector of Schools who is not of good character and in all respects suitable for appointment to Government service.

3. Every candidate shall furnish certificates written not more than one year prior to the date of application from two responsible persons unconnected with his College or University, and not related to him, testifying to his private character.

4. No person shall be eligible for appointment who is not of sound health, good physique, and active habits and free from organic defect or bodily infirmity and in respect of whom the department is satisfied that he is physically fit and in all respects suitable for appointment to Government service.

5. No person shall be eligible for appointment who has endeavoured to enlist for his candidature the support of persons of influence or of officials of Government. Spontaneous recommendations from persons interested in or otherwise known to the candidate shall be disregarded.

6. No person shall be considered for admission to the panel, by the Panel Committee of the Chittagong Division, unless he is a permanent resident or permanently domiciled within the jurisdiction of the Chittagong Division.

7. Candidates shall be under the age of 25 years. This condition may be relaxed by the Director of Public Instruction, Bengal, in the case of teachers who have worked satisfactorily for not less than two years in recognised High Schools under private management up to the age of 30 years. No candidate who is age-barred under this rule shall be admitted to the panel, and if previously admitted a candidate shall have his name removed from the panel on his attaining the age of 30 years or on permanent appointment before that age.

8. No candidate shall apply simultaneously to more than one Inspector of Schools. Every candidate should state definitely if he has applied for nomination by any other Divisional Panel Committee.

9. Every candidate should enclose with his application documents in support of his statement regarding (1) qualifications, academic and professional (M.A., B.A., M.Sc., B.Sc., B.T. diplomas), (2) date of birth (Matriculation certificate), (3) home district (certificate from a gazetted officer), (4) character (certificate from a respectable gentleman), (5) subjects studied at the degree examination, both academic and professional (certificate from the Principal of the College in which he studied) and (6) details of teaching experience with dates and names of institutions (certificates from the authorities of the schools). Testimonials, if any, as to the candidate's ability as lecturer, teacher, etc., may also be produced.

10. Every candidate should state if he is a British subject; if not, he should name the State in India to which he belongs.

11. A person can have only one domicile. In case a candidate claims to have more than one place of residence he should clearly state which one is his legal residence. This should be supported by documentary evidence (certificate from a gazetted officer).

12. The Divisional Panel Committee will interview the candidates, if necessary. The date for the purpose will be communicated to them in due course.
